SANTIAGO OURS.

General Toral Agreed to Surrender.

OVER 12,000 PRISONERS.

United States Government Agreed to Return Them Home.

COMMISSIONERS WERE APPOINTED.

Each Side Named Men to Arrange the Details of the Surrender—The Spanish Commander Gives Up the Whole Eastern End of the Island—The Troops Compose About All of the Fourth Army Corps of the Spanish Army—A Meeting Between Commanders—General Miles Praises the Troops.

PLAYA DEL ESTE, Guantanamo Bay, July 15.—General Toral, commanding the Spanish forces at Santiago de Cuba yesterday morning sent a communication to General Shafter indicating his willingness to accept the terms of surrender proposed and asking the American commander to appoint commissioners to meet the Spanish commissioners to arrange to send the Spanish troops back to Spain. This will be promptly done.

The surrender of General Toral not only means the fall of Santiago, but by the terms of surrender the whole eastern end of the island falls into the hands of the United States without firing a shot.

The surrender is to include all the Spanish troops at Santiago, Guantánamo, Caimanera and Sagua, composing the Fourth army corps of the Spanish army.

The portion of the province of Santiago de Cuba that lies east of the line from Sagua, via Las Palmas, to Acacora, is surrendered to the United States.

The prisoners number over 12,000 men.

WASHINGTON, July 15.—The news of the surrender came to Washington in dispatches from Generals Shafter and Miles. The latter cabled that General Shafter and his men deserved great credit.

GENERAL WHEELER'S HEADQUARTERS, BEFORE SANTIAGO DE CUBA, July 13, via Kingston, Jamaica, July 15.—It appears that on Monday General Shafter did not again demand the unconditional surrender which General Toral had refused on Sunday, but offered, as an alternative proposition, to accept the capitulation of the enemy and to transport the Spanish officers and troops to Spain, they to leave all their arms behind and to accept their parole. It was this proposition which General Toral declined yesterday.

This morning it was decided to hold a personal interview with General Toral. General Miles and his staff, who got no further than General Shafter's headquarters last night, accompanied by General Shafter and his staff, rode out to the front shortly before 8 o'clock under a flag of truce. A request for a personal interview with the Spanish commander-in-chief was made and acceded to, and about 9 o'clock General Miles, General Shafter, General Wheeler, General Gilmour, Colonel Moore, Captain Wiley and Colonel Maus rode up, passed over our entrenchments and went down into the valley beyond. They were met by General Toral and his chief of staff, under a spreading mango tree, at the bottom of the valley about half way between the lines. The interview that followed lasted an hour.

The situation was placed frankly before General Toral and he was offered the alternative of being sent home with his garrison or leaving Santiago province. The only condition imposed being that he should not destroy the existing fortifications and should leave his arms behind. This latter condition the Spanish general, who does not speak English, explained through his interpreter was impossible. He said the laws of Spain gave a general no discretion. He might abandon a place when he found it untenable, but he could not leave his arms behind without subjecting himself to the penalty of being court-martialed and shot. His government, he said, had granted him permission to evacuate Santiago. That was all. Further than that he was powerless to go.

Without saying so in words, General Miles said the tenor of General Toral's remarks all betrayed his realization that he could not hold out long.

Then General Shafter explained that our reinforcements were coming up, that he was completely surrounded and that our new batteries were being posted. General Toral simply shrugged his shoulders.

"I am but a subordinate," said he, "and I obey my government. If it is necessary we can die at our posts."

General Toral is a man of 60 years of age, with a strong rugged face and fine, soldierly bearing. His brave words inspired a feeling of respect and admiration in the hearts of his adversaries.

Nevertheless the Spanish general's anxiety to avoid further sacrifice of life in his command was manifest, and he did not hesitate to ask for time to communicate the situation to Madrid, although he dubiously shook his head when he spoke of the probable response. Upon the return of our commanders to the American lines an important consultation was held at General Wheeler's headquarters.

Generals Garcia and Castillo, with their staffs, had ridden around from the extreme right to see General Miles. It was a notable group, gathered under the protecting awning of General Wheeler's tent.

There were present General Miles, General Shafter, General Wheeler and General Garcia and their aides.

Assistant Naval Constructor Hobson, the hero of the Merrimac, who had come to headquarters with messages from Rear Admiral Sampson, was also present. The situation was discussed with the aid of a profusion of maps and at the conclusion of the conference a luncheon was served. It consisted of beans, hard tack and coffee. After this meal General Miles, General Shafter and General Garcia, with their staffs, rode off to inspect the position on the right flank.

They all agreed that General Toral was securely wedged in and that escape was impossible, but, owing to delays and the possibly incidental loss of life which was certain to result from an attempt to carry the town by assault, the danger to our troops from fever and disease, and above all, the fact that the Spanish fleet was destroyed, which has been the real object of the campaign, it seemed to be the general disposition to allow General Toral to evacuate Santiago. This would give us a military and naval base, permit the starving refugees to return to their homes and would allow the immediate embarkation of the bulk of our army for the Porto Rico campaign.

The rainy weather has accelerated the spread of malarial and other fevers. In some of the regiments over a third of the men are unfit for duty.

General Chaffee, in addition to General Duffield, is suffering from fever. To a correspondent General Miles said he was proud to command an army which had carried the lines of hills on which our center rests. He added that there was no prouder page in our military annals than that written on July 1.

Colonel Theodore Roosevelt is one of those who believe the army is threatened with a great disaster unless General Toral and his troops are allowed to depart. The situation has been communicated to Washington and it is considered probable that the conditions imposed in the American propositions for surrender will be modified.

GERMANY'S EXPLANATION.

A Statement, Believed to Be Inspired, Regarding the German Warship Incident in Subic Bay.

BERLIN, July 15.—The Cologne Zeitung denounces the story of the German warship Irene's interference at Subic bay, island of Luzon, Philippines, as a fabrication. The Lokal Anzeiger says the Americans are unreasonably excited about the Irene incident. "Even if it occurred, as Admiral Dewey says, the Irene did not interfere, but retired immediately upon the arrival of the Americans. Therefore, every courtesy was shown that the Americans demand of a neutral country. But, if the Irene did hinder Aguinaldo's landing, it is no business of Dewey's. If the American admiral sees fit to make common cause with the insurgent chiefs it is none of our affair. Germany still preserves her neutrality toward Spain and does not intend to recognize Aguinaldo and his horde as belligerents. The matter is so plain that we do not believe any diplomatic step will be taken, and do not doubt for a moment that the American officials will admit the correctness of the German proceedings."

The foregoing is believed to be inspired.

The Tageblatt's Madrid correspondent says Sagasta has declared that he is now convinced that the Americans would be defeated by the land forces in Cuba, and that the Americans know this themselves, but since Spain no longer has a fleet the Americans could starve the island without subjecting themselves to exposure of the Spanish bullets. Hence, he has resolved to bring about peace as soon as possible.

The German emperor has contributed 1,000 marks to the Red Cross fund.

Coal Operators Will Refuse.

ALTOONA, Pa., July 15.—The coal operators will positively refuse to consider the demand for an increase of wages made by the convention of bituminous miners of district No. 2. The operators say the war has hurt instead of helped the coal business of this district.

SAN JUAN NEXT.

Porto Rico's Chief Town to Be Taken.

SECT'Y. ALGER SO STATED.

Havana, if Need Be, Will Come Next on the Program.

WILL GO FORWARD IMMEDIATELY.

The Porto Rican Expedition Is to Be Commanded by General Miles in Person, Though General Brooke Is Expected to Be His Main Dependence. The Army to Be Composed of New Men and Not the Fighters Now in Cuba—Navy Expected to Be of More Assistance Than at Santiago.

WASHINGTON, July 15.—The first chapter in the land campaign of the United States against Spain closed yesterday with the Spanish surrender of Santiago. Next will follow the transportation of the Spanish troops back to their native land and the capture of the island of Porto Rico, unless peace soon intervenes.

The siege of Santiago had lasted two weeks. Looking back over the record of these two weeks it is seen that a great ironclad squadron has been destroyed, that nearly 1,000 Spanish sailors have been drowned or killed by shell and flame and that an untold number of Spanish soldiers have died in the trenches of Santiago. On the other hand about 250 American soldiers have been killed and, in round numbers, 2,000 more have been sent to the hospitals from wounds, fevers and other ailments. Our fleet had a remarkable exemption from disaster in the many engagements it has had with the forts at the entrance of the harbor and with the Spanish squadron.

"Next is Porto Rico," said Secretary Alger, after receiving news of Santiago's surrender. "And then, if need be, Havana."

The secretary said the Porto Rican expedition would go forward immediately. It will comprise new men entirely. The warriors in the trenches before Santiago have distinguished themselves, and it is not deemed prudent to bring them in unnecessary contact with new troops in view of the danger of spreading contagion. The sick soldiers will be nursed back to health and brought to the United States as soon as they can be safely removed. Immune regiments will be ordered to San Juan to garrison the town.

The Porto Rican expedition will be commanded by General Miles in person, though General Brooke, now in command at Camp Thomas, is expected to be his main dependence. The size of the expedition will depend upon General Miles' wishes, although it is believed that 25,000 men will be sufficient for the purpose. At San Juan the navy will be of greater assistance than it was at Santiago, owing to the possibility of approaching the town more closely without risking contact with mines. General Brooke has been summoned to Washington by direction of Secretary Alger, so that he will be in a position to make his views known to the department. The experience gained in dispatching Shafter's expedition, it is expected, will aid the officials in their determination to make short work of the Porto Rican affair.

The surrender of Santiago includes the whole province, with about 10,000 men.

According to our terms the men are to be transported back to Spain by the United States.

The territory surrendered by General Toral includes a population exceeding 125,000 when the country is in its normal state. It includes the important cities of Santiago de Cuba, Guantánamo, Sagua de Palma and Baracoa.

It is exceedingly rich in mineral, sugar and coffee. The large iron and copper mines at Juragua, Baiquiri and vicinity are owned by American companies. In the Guantánamo district are the extensive plantations of Soledad Esperanza, Los Canos, Santa Cecilia and others. Baracoa carried on an extensive fruit trade with the United States.

The plan of the war department for returning the surrendered army of General Toral to Spain will not necessitate the use of American vessels. It is the purpose of the department to ask for proposals from all steamship companies which desire to compete for transporting the Spanish troops, and the most advantageous bid will be accepted. The advices of General Shafter state that the number of Spanish prisoners will be between 12,000 and 15,000.

Failed to Bring Out Bodies.

CLEVELAND, July 15.—A rescue party went down into the water works tunnel yesterday and reached a distance of 5,600 feet, which is 300 feet further than any previous party has gone. They discovered a body of a victim, supposed to be that of McCauley, but owing to the fainting condition of the rescue party, could not remove it.

CONSTABLE LYON

Passed Away This Morning After a Long Illness.

Constable Harrison Lyon, aged 60 years, died at his home in Grant street this morning at 11:38 o'clock. His death was caused by stomach trouble.

Mr. Lyon was born at Fredericktown in September, 1837. When but a young man he entered the oil business, and remained in that trade until he removed to this place 11 years ago. He was married when 30 years old. During his life he has been employed in various capacities, and was ending his second term as constable of Liverpool township at the time of his death.

The arrangements for the funeral are partially completed. Services will be held at his late home Sunday afternoon at 2 o'clock, interment being made in the Wellsville cemetery. The Grand Army of which he was a member will attend the services in a body.

Mr. Lyon is survived by his wife and four children.

A PLUCKY BRAKEMAN.

He Recovered His Hat and Boarded the Train.

A freight train was passing over the Walnut street crossing yesterday when a brakeman jumped off for the purpose of placing a number of receipts in the box.

When he was ready to board the train it was moving at a rapid rate, and in attempting to catch a handle bar his hat blew off. At the same moment he stumbled, and the spectators expected to see him thrown under the train, but by a mighty effort he threw himself the other way. Hastily recovering his equilibrium the brakeman recovered his hat, and in another minute was on the train.

NOT THIS TIME

Will Alex Stevenson's Petition be Considered.

The name of Alex W. Stevenson does not appear in the list of cases to be considered by the board of pardons.

His friends in the city who have been using their efforts to secure his release will not bring up his case again before the board of pardons, as they realize there is but little hope for his release with the amount of opposition there is against it. The efforts to have him released will be continued, but his friends refuse to divulge their plans.

KEEPING ITS PROMISE.

The Railroad Company Is Repairing the Platform.

This morning four carpenters of the Cleveland and Pittsburgh railroad arrived in the city on the early train from Wellsville. Within 10 minutes after their arrival they were repairing that part of the platform that was unimproved when the carpenters were working at the station several weeks ago. They completed the work this evening and returned to Wellsville on the work train.

NEXT MONDAY

Ladies Will Organize a Red Cross Branch.

The meeting held last evening at the parish house of St. Stephen's church for the purpose of making useful articles for the soldiers of Company E, was attended by 16 ladies.

It was decided to form a branch of the Red Cross society, and the meeting was adjourned until next Monday evening when the organization will be perfected and officers elected.

ONLY A LITTLE MONEY

Will be Spent on the Wellsville Road by the Township.

The township trustees are still improving the Wellsville road, but will not spend more than \$50 on the thoroughfare.

The township portion is in much better condition than the part in the corporate limits, and the trustees intend that it shall remain that way.

Buried Today.

The funeral of Mrs. Sarah A. Miller took place this afternoon from her late home in Helana, Rev. J. R. Greene, officiating. Interment was made at Spring Grove.

Will Report.

The delegates of the Rechabites who attended the meeting last week of the Grant Tent at Newark will report tomorrow evening to the local lodge.

THREE MEN DEAD

Yellow Jack After Soldiers In Earnest.

TWENTY-THREE NEW CASES

Reported in the Vicinity of the Place Where It First Appeared—President McKinley Hopes For Peace, but Says There Have as Yet Been No Overtures. Spain Is Under Martial Law and the Carlists Are Excited.

WASHINGTON, July 15.—[Special]—Word received from Santiago today says that 23 new cases of yellow fever have developed among the soldiers, and there have been three deaths.

Every effort is being made to stamp out the disease, but it is spreading. All cases as yet are confined to the immediate vicinity of the camp where it first appeared.

HOPES FOR PEACE.

But President McKinley Says No Overtures Have Been Made.

WASHINGTON, July 15.—[Special]—President McKinley made the statement today that he hopes for early peace now that Santiago has been taken, but no overtures have yet been made.

It is believed in official circles here that Spain will make no move at the present time.

UNDER MARTIAL LAW.

Poor Old Spain Is Indeed in a Bad Way.

MADRID, July 15.—[Special]—The situation throughout Spain today is critical in the extreme. The brand is smoldering and at any moment the whole country may be ablaze.

The primary cause may be found in the fact that martial law was proclaimed throughout Spain early this morning. It is taken to mean that peace negotiations are already in progress, and the most stringent measures will be used to keep down the people until they are concluded and the war ended.

The Carlists are furious, and open threats are made that they will make trouble. General Weyler is believed to be in league with them, although he has made no open avowal. It is admitted everywhere in Madrid that the situation is grim, and rumors say the government cannot meet any well organized uprising.

MANY PRISONERS

Arrived at Portsmouth, N. H., This Morning.

PORTSMOUTH, N. H., July 15.—[Special]—The Harvard arrived here this morning having on board 800 Spanish prisoners. The voyage has been an exceptionally fast one, and all are well.

Plans for the disposition of the prisoners have already been made, and they will be carried out as soon as possible, as the Harvard is needed in the south.

PREPARING TO ACT.

Carlists in Northern Provinces Almost Ready.

PARIS, July 15.—[Special]—A Madrid dispatch published this afternoon in Temps says the Carlists are preparing to seize the northern provinces of Spain. They are massing at several points in force.

He Wasn't Left.

Biggs—Quite a rivalry between Tom and Fred.

Griggs—Yes, I understand they are both seeking the hand of Miss Triffett.

Biggs—They both called at her house the other evening and at once began the exciting game of trying to outwit each other. Tom had to give it up finally and left Fred in possession.

Griggs—So Fred got the best of it?

Biggs—That's the question. It was a rainy night, and Tom did not take away the poorest umbrella when he left the house.—Boston Transcript.

This would give us a military and naval base, permit the starving refugees to return to their homes and would allow the immediate embarkation of the bulk of our army for the Porto Rico campaign.

The rain now falls in sheets every day, drenching the soldiers, washing out the roads and swelling the streams into torrents. In fact, our base of supplies is actually threatened by the mountain streams. Two bridges have been carried away this afternoon, after a downfall in which an inch and a half of rain fell.

The Aguadores river is impassable, the water, shoulder deep, is running like a small Niagara. A mule ambulance, which attempted to cross the river, was carried 200 yards down the stream, filled with refugees, to Caney, where the passengers were rescued with difficulty.

Colonel Theodore Roosevelt is one of those who believe the army is threatened with a great disaster unless General Toral and his troops are allowed to depart. The situation has been communicated to Washington and it is considered probable that the conditions imposed in the American propositions for surrender will be modified.

The rainy weather has accelerated the spread of malarial and other fevers. In some of the regiments over a third of the men are unfit for duty.

Ladies Will Organize a Red Cross Branch.

The meeting held last evening at the parish house of St. Stephen's church for the purpose of making useful articles for the soldiers of Company E, was attended by 16 ladies.

It was decided to form a branch of the Red Cross society, and the meeting was adjourned until next Monday evening when the organization will be perfected and officers elected.

ONLY A LITTLE MONEY

Will be Spent on the Wellsville Road by the Township.

The township trustees are still improving the Wellsville road, but will not spend more than \$50 on the thoroughfare.

The township portion is in much better condition than the part in the corporate limits, and the trustees intend that it shall remain that way.

Buried Today.

The funeral of Mrs. Sarah A. Miller took place this afternoon from her late home in Helana, Rev. J. R. Greene, officiating. Interment was made at Spring Grove.

Will Report.

The delegates of the Rechabites who attended the meeting last week of the Grant Tent at Newark will report tomorrow evening to the local lodge.

THREE MEN DEAD

Yellow Jack After Soldiers In Earnest.

TWENTY-THREE NEW CASES

Reported in the Vicinity of the Place Where It First Appeared—President McKinley Hopes For Peace, but Says There Have as Yet Been No Overtures, Spain Is Under Martial Law and the Carlists Are Excited.

WASHINGTON, July 15.—[Special]—Word received from Santiago today says that 23 new cases of yellow fever have developed among the soldiers, and there have been three deaths.

Every effort is being made to stamp out the disease, but it is spreading. All cases as yet are confined to the immediate vicinity of the camp where it first appeared.

HOPES FOR PEACE.

But President McKinley Says No Overtures Have Been Made.

WASHINGTON, July 15.—[Special]—President McKinley made the statement today that he hopes for early peace now that Santiago has been taken, but no overtures have yet been made.

It is believed in official circles here that Spain will make no move at the present time.

UNDER MARTIAL LAW.

Poor Old Spain Is Indeed in a Bad Way.

MADRID, July 15.—[Special]—The situation throughout Spain today is critical in the extreme. The brand is smoldering and at any moment the whole country may be ablaze.

The primary cause may be found in the fact that martial law was proclaimed throughout Spain early this morning. It is taken to mean that peace negotiations are already in progress, and the most stringent measures will be used to keep down the people until they are concluded and the war ended.

The Carlists are furious, and open threats are made that they will make trouble. General Weyler is believed to be in league with them, although he has made no open avowal. It is admitted everywhere in Madrid that the situation is grave, and rumors say the government cannot meet any well organized uprising.

MANY PRISONERS

Arrived at Portsmouth, N. H., This Morning.

PORTSMOUTH, N. H., July 15.—[Special]—The Harvard arrived here this morning having on board 800 Spanish prisoners. The voyage has been an exceptionally fast one, and all are well.

Plans for the disposition of the prisoners have already been made, and they will be carried out as soon as possible, as the Harvard is needed in the south.

PREPARING TO ACT.

Carlists in Northern Provinces Almost Ready.

PARIS, July 15.—(Special.)—A Madrid dispatch published this afternoon in Temps says the Carlists are preparing to seize the northern provinces of Spain. They are massing at several points in force.

He Wasn't Left.

Biggs—Quite a rivalry between Tom and Fred.

Griggs—Yes, I understand they are both seeking the hand of Miss Triffett.

Biggs—They both called at her house the other evening and at once began the exciting game of trying to outwit each other. Tom had to give it up finally and left Fred in possession.

Griggs—So Fred got the best of it?

Biggs—That's the question. It was a rainy night, and Tom did not take away the poorest umbrella when he left the house.—Boston Transcript.

THE POTTERY INDUSTRY

Will Be Investigated In a Few Months

BY THE BUREAU OF LABOR

Nothing Has Been Done For Two Years and Statistics Are Needed—A Man Will Be Sent Here Soon—Increased Production Makes It Necessary.

The commissioner who is at the head of the Ohio bureau of labor statistics is preparing for an assault on East Liverpool, and within a few months one of his deputies will be sent here for the purpose of gaining information.

Two years ago the bureau made an exhaustive investigation into the conditions surrounding the potting industry, and the report was gratifying in the extreme since it gave to East Liverpool the place it had won among the pottery communities of the world. Since that time production has been stimulated in a marked degree and many improvements have been made. In order to keep pace with the times the commissioner feels that he must again cover the field.

In an interview with an East Liverpool resident the other day Hon. W. C. Cochran, one of the statisticians employed by the department, said the work would be taken up early in the fall and completed as soon as possible. East Liverpool will of course be given the most attention, but the tile and brick industry will also be considered. Many changes are known to have taken place and will be included in the report which will be exhaustive.

It is learned from another source that particular attention will be paid to child labor in factories coming under this head, the same policy being carried out as in the investigations in many other branches of industry. The last legislature touched upon the matter in an important way, and it is desired that something regarding the enforcement of the new law be known.

RACING.

Wheelmen and Horsemen Disobeyed the Law.

Last night was an unusually pleasant evening, and scores of wheelmen and many horsemen were on the streets. They cannot resist the temptation to race, and as a result a number of persons narrowly escaped being run down.

Perhaps the case of a little girl at Jackson and Fifth streets was the closest. Two horses were coming toward her at full speed as she attempted to cross. She became confused, and had not one driver chanced to see her and turned close to the curb, she would have doubtless been seriously injured.

HOT FIGHTING.

Landing of Supplies to Gomez Perilous Work.

CAPT. NUNEZ WAS KILLED.

Winthrop Chanler and Five Cubans Were Wounded.

GUNBOAT PEORIA SHELLED PORTS

Three Attempts Made to Land Before the Expedition Was Successful—Gomez Conferred With American Officers and Sent a Plan of Campaign to President McKinley—Brave German Doctor. Singular Experience of Chanler and the German and Another Doctor—Gunboat Helena Aided the Peoria.

KEY WEST, July 15.—Those champion filibusters, the Florida and Fanita, under convoy of the little auxiliary gunboat Peoria, landed July 8 the largest and probably the last expedition sent to the aid of the insurgents.

The Florida and Fanita left Key West on Saturday, June 25, under the convoy of the Peoria, commanded by Lieutenant T. W. Ryan. On board the steamers were 35 Cubans under General Nunez, 50 troopers of the Fifth United States cavalry, under Lieutenants Johnson and Ahearn, and 25 rough riders, under Winthrop Chanler, brother of Colonel William Astor Chanler. The cargoes were enormous.

It was intended to land at San Juan June 29, but the scouting party was driven off by Spaniards.

The next afternoon the Peoria shelled a fort near Las Tunas, about four miles away, but met no response. Two boats landed, when the fort and entrenchments opened fire. Captain Nunez was killed and Winthrop Chanler fell with a broken arm. Meanwhile the Peoria shelled the fort until the enemy's fire ceased. Part of the party rushed to the boat under firing from the shore. They paddled along, holding to the boats, with their heads sticking out of the water. Five Cubans were wounded.

Doctors Lund and Abbott carried Chanler into the bushes and they sank into a swamp up to their necks. Doctor Lund, formerly a German army surgeon, and a giant in strength, wriggled out, stripped off his clothes and swam out in the darkness to find the ships, until picked up by a boat.

As the strange figure climbed up the ladder of the Peoria the sentry on guard at the gangway challenged him, but Dr. Lund brushed past him and strode in all his nakedness up to Lieutenant Ryan, gave the customary formal salute, and with the most gravity said: "I have to report that the men ashore require assistance."

When Chanler and Abbott were rescued they were still in the water up to their necks, but, except Chanler's elbow, they were none the worse for their experience. Agramonte and some Cubans were also rescued.

The next day the gunboat Helena arrived, and on Friday morning she and the Peoria steamed in toward Las Tunas, which the Spaniards had been vigorously fortifying. Reinforcements also poured in. Vigorous fighting followed.

The Spanish gunners had not fired more than 15 or 20 shots before their guns were flying in the air, their earthworks a mass of blood-stained dust and their gunners running for their lives. Both the Peoria and Helena were struck several times, but no one on either ship was injured. As they withdrew several buildings on shore were in flames.

Further shelling occurred by the ships.

Saturday night, July 2, while the Helena stayed and kept her searchlights playing toward shore, the other vessels slipped away, with lights out, and succeeded in landing the men and cargo at Palo Alto about daybreak.

Gomez, with 2,000 men, was known to be in the vicinity and scouts hurried to his lines. On Monday, July 4, the grizzled old warrior appeared in person at Palo Alto. An awning was spread over the end of the abandoned wharf and a conference was held.

The veteran commander-in-chief said he was greatly pleased at the successful result of the expedition, which he thought would exercise an important influence upon the war.

He outlined a plan of campaign, which he later submitted in writing to Lieutenant Ryan for transmission to President McKinley.

It was subsequently learned that during the fight at Las Tunas five buildings in the town were completely destroyed by the fire from the American guns, while 23 were partly destroyed, and eight schooners, which happened to be in range, were burned and sunk.

EUROPE TO RETALIATE

Proposes to Keep Us Out of the Philippines, as Result of Monroe Doctrine.

PARIS, July 15.—The Matin has received from its London correspondent, who has unusual sources of information, a dispatch, in which he says the European chancelleries are now discussing the question of the eventual intervention of the powers in the Philippine islands. The ambassadors at Berlin, the correspondent adds, have advised their governments respecting Germany's line of policy, which seems quite settled. Germany would prefer the maintenance of the status quo, but

it, as a consequence of the war, Spanish sovereignty disappeared, American sovereignty must not be its successor.

An international agreement, The Matin correspondent further asserts, will be established and the powers interested in the islands would each be called on to protect its own interests. The correspondent adds: "This is the logical outcome of the Monroe doctrine, the principle of which will be employed by Europe in order to protect itself against American interference, and, unless appearances are deceptive, Great Britain, in spite of the talked-of Anglo-Saxon alliance, will do the same as the other powers."

When Chanler and Abbott were rescued they were still in the water up to their necks, but, except Chanler's elbow, they were none the worse for their experience. Agramonte and some Cubans were also rescued.

The next day the gunboat Helena arrived, and on Friday morning she and the Peoria steamed in toward Las Tunas, which the Spaniards had been vigorously fortifying. Reinforcements also poured in. Vigorous fighting followed.

The Spanish gunners had not fired more than 15 or 20 shots before their guns were flying in the air, their earthworks a mass of blood-stained dust and their gunners running for their lives. Both the Peoria and Helena were struck several times, but no one on either ship was injured. As they withdrew several buildings on shore were in flames.

Further shelling occurred by the ships. Saturday night, July 2, while the Helena stayed and kept her searchlights playing toward shore, the other vessels slipped away, with lights out, and succeeded in landing the men and cargo at Palo Alto about daybreak.

Gomez, with 2,000 men, was known to be in the vicinity and scouts hurried to his lines. On Monday, July 4, the grizzled old warrior appeared in person at Palo Alto. An awning was spread over the end of the abandoned wharf and a conference was held.

The veteran commander-in-chief said he was greatly pleased at the successful result of the expedition, which he thought would exercise an important influence upon the war.

He outlined a plan of campaign, which he later submitted in writing to Lieutenant Ryan for transmission to President McKinley.

It was subsequently learned that during the fight at Las Tunas five buildings in the town were completely destroyed by the fire from the American guns, while 23 were partly destroyed, and eight schooners, which happened to be in range, were burned and sunk.

EUROPE TO RETALIATE

Proposes to Keep Us Out of the Philippines, as Result of Monroe Doctrine.

PARIS, July 15.—The Matin has received from its London correspondent, who has unusual sources of information, a dispatch, in which he says the European chancelleries are now discussing the question of the eventual intervention of the powers in the Philippine islands. The ambassadors at Berlin, the correspondent adds, have advised their governments respecting Germany's line of policy, which seems quite settled. Germany would prefer the maintenance of the status quo, but

it, as a consequence of the war, Spanish sovereignty disappeared, American sovereignty must not be its successor.

An international agreement, The Matin correspondent further asserts, will be established and the powers interested in the islands would each be called on to protect its own interests. The correspondent adds: "This is the logical outcome of the Monroe doctrine, the principle of which will be employed by Europe in order to protect itself against American interference, and, unless appearances are deceptive, Great Britain, in spite of the talked-of Anglo-Saxon alliance, will do the same as the other powers."

Weather Forecast.

Fair in northern portions; threatening, with showers in southern portions; light variable winds becoming northerly.

WELLSVILLE.

NO DECISION REACHED

Mayor Dennis Will Confer With Solicitor Wells.

NEW CASE MAY BE ENTERED

Because the Violation of What Was Believed to be a Board of Health Regulation Is Also Covered by an Almost Forgotten City Ordinance—All the News.

Mayor Dennis has not yet decided the case considered yesterday which involved a charge of the board of health against Buff Barr. He will not give his decision until he has conferred with Solicitor Wells, and that will be impossible today, since Mr. Wells has gone to Lisbon with his wife who is very ill.

It has been discovered that the offense charged against Barr is not only covered by the board of health regulation, but by an ordinance the legality of which cannot be doubted. The board of health simply adopted it in order to simplify matters in case of prosecution.

If the case as it is at present does not result in the conviction of the accused, Barr will be called upon to answer under the ordinance.

Patriotic Social.

The patriotic social at the First Presbyterian church last night was a pronounced success. Warren Potts represented Uncle Sam, Miss Gertrude Everson, Columbia, and Miss Ruby Sheets, Cuba. Standard patriotic airs by chorus, and a sextet composed of Will Morris, Harry Leith, Will McDonald, Will Irwin, James McQueen and Wilson Blackburn furnished the music, while recitations and other numbers of the program all partook of the patriotic character.

The rooms were handsomely decorated with the national colors, and an art gallery displayed views of the war to advantage. After the program refreshments were served.

Are Ready to Play.

The statement in the sporting news of the News Review last night has aroused the Crescents to action, and they are ready to do battle to the last.

The News Review is authorized to challenge the East Liverpool club to a game of ball on the Wellsville grounds, Saturday, July 23.

The team is now at its best and the boys are confident of victory.

Wanted Here.

A Pittsburg paper of this morning says:

"Detectives T. C. Johnson and James A. Steele arrested John Mack, of Wellsville, at the Ft. Wayne depot last night. He is a train boy, 22 years old, and is granted in Wellsville on a serious charge preferred by a Miss Parker. Sheriff Gill will take the prisoner to Lisbon today."

Here For a Visit.

Miss Mamie Connor, who has been visiting Mrs. William Meakin, went to Toronto yesterday for a visit with her uncle, P. Connor.

Miss Connor is a daughter of Robert Connor, and the family formerly resided here. Eight years ago they removed to Owensburg, Ky., where they still reside. Mr. Connor was formerly employed at the Lyth works.

Gone to Denver.

F. M. Hawley and family left yesterday afternoon for Denver, where they will in future reside. A large number of friends were at the station to bid them good bye.

Mr. Hawley and family leave behind them scores of friends, who wish them all the happiness they can have in their new home.

Mrs. Coyle Must Move.

In the case of J. C. Elliott against Mrs. William Coyle to obtain possession of the house occupied by the latter in Fourth street, the defendant failed to appear and Squire Riley rendered judgment by default. A writ of restitution will be served by Constable Davis and the matter closed.

News of Wellsville.

Miss Mary McIntosh, who has been at Mt. Clemens, Mich., returned to her home across the river Wednesday.

The work of the bricklayers is completed and the carpenters have begun their work on the new residence of Mrs. Ella McCown, in Congo.

Jesse Hamilton and Howard Davis have gone to Lisbon. Tomorrow they will play ball with the county seat team when it faces Salem.

GOING TO HONOLULU.

Sergeant Potts Will Make the Trip With the Fourth.

John Potts, who is well known to a great many people in the city because of his connection with a local drug store a few years ago, is now a sergeant in the Fourth cavalry, and will be a part of the force stationed at Honolulu.

Sergeant Potts enlisted in the regular army, and because of his intelligence and personality soon became first sergeant of his troop in the crack Sixth. When his term of service expired he left the service and came to this city. Last January the longing for the old life came on and he could not resist the temptation. He enlisted, however, in the Fourth, Troop L, and rapidly won promotion until he is now a sergeant. His friends here sincerely hope he will soon gain a commission, as he is a thorough military man.

ALMOST DROWNED.

But a Brave Companion Saved His Life.

A number of young men were bathing in the river last evening not far from the island when one was seized with cramps. The water was not deep, but he had lost control of himself and shouted for help. A companion swam to his assistance, and he was taken to shore in a very bad way, and from there to his home.

His name could not be learned, but he is said to be an employe of the Dresden company.

On the River.

After weeks of waiting the rivermen have been rewarded with rain. At the headwaters of the Allegheny and Monongahela the showers were heavy. What rain has fallen will in all probability cause packet business to resume on the Ohio. The rain was not sufficient to cause a coal stage.

The marks at the wharf today registered 21 inches and stationary.

FOUND THE GAS.

Superintendent Morley Blown Through a Door.

Superintendent Morley is very sore today as a result of an accident which happened at the pumping station on the hill.

Mr. Morley found it was necessary to start the pumps, and after carefully examining the gas gauges to see that all was well applied the match to the burner under the first boiler. That worked to suit him and he turned to the next, but unfortunately encountered trouble. There was an explosion, and the next instant the superintendent had been blown through the door.

Fortunately the force of the explosion struck him amidship, and the only damage he sustained was a number of decidedly painful bruises.

ROBBED A CONSTABLE.

Thieves Got Away With His Laundry.

The wife of Constable James Miller is away visiting friends, and yesterday Mr. Miller decided he would do some laundry work. He accordingly washed a shirt, four handkerchiefs and a number of other articles and hung them on the back porch at his residence to dry while he went out street. When he returned his washing had disappeared and with it a brush and several other small articles.

He is now doing some detective work and will use his utmost effort to discover the thieves but has no clue.

Decided In a Hurry.

Yesterday evening two men engaged in a quarrel at the corner of Union street and the railroad just before the arrival of the late train east. One of the men wanted to go to Pittsburg and the other to Wellsville. One blow was struck. Then the train came along, and the men boarded the last car as though nothing had happened.

GOING TO HONOLULU.

Sergeant Potts Will Make the Trip With the Fourth.

John Potts, who is well known to a great many people in the city because of his connection with a local drug store a few years ago, is now a sergeant in the Fourth cavalry, and will be a part of the force stationed at Honolulu.

Sergeant Potts enlisted in the regular army, and because of his intelligence and personality soon became first sergeant of his troop in the crack Sixth. When his term of service expired he left the service and came to this city. Last January the longing for the old life came on and he could not resist the temptation. He enlisted, however, in the Fourth, Troop L, and rapidly won promotion until he is now a sergeant. His friends here sincerely hope he will soon gain a commission, as he is a thorough military man.

ALMOST DROWNED.

But a Brave Companion Saved His Life.

A number of young men were bathing in the river last evening not far from the island when one was seized with cramps. The water was not deep, but he had lost control of himself and shouted for help. A companion swam to his assistance, and he was taken to shore in a very bad way, and from there to his home.

His name could not be learned, but he is said to be an employe of the Dresden company.

On the River.

After weeks of waiting the rivermen have been rewarded with rain. At the headwaters of the Allegheny and Monongahela the showers were heavy. What rain has fallen will in all probability cause packet business to resume on the Ohio. The rain was not sufficient to cause a coal stage.

The marks at the wharf today registered 21 inches and stationary.

FOUND THE GAS.

Superintendent Morley Blown Through a Door.

Superintendent Morley is very sore today as a result of an accident which happened at the pumping station on the hill.

Mr. Morley found it was necessary to start the pumps, and after carefully examining the gas gauges to see that all was well applied the match to the burner under the first boiler. That worked to suit him and he turned to the next, but unfortunately encountered trouble. There was an explosion, and the next instant the superintendent had been blown through the door.

Fortunately the force of the explosion struck him amidship, and the only damage he sustained was a number of decidedly painful bruises.

ROBBED A CONSTABLE.

Thieves Got Away With His Laundry.

The wife of Constable James Miller is away visiting friends, and yesterday Mr. Miller decided he would do some laundry work. He accordingly washed a shirt, four handkerchiefs and a number of other articles and hung them on the back porch at his residence to dry while he went up street. When he returned his washing had disappeared and with it a brush and several other small articles.

He is now doing some detective work and will use his utmost effort to discover the thieves but has no clue.

Decided In a Hurry.

Yesterday evening two men engaged in a quarrel at the corner of Union street and the railroad just before the arrival of the late train east. One of the men wanted to go to Pittsburg and the other to Wellsville. One blow was struck. Then the train came along, and the men boarded the last car as though nothing had happened.

EAST LIVERPOOL, O., FRIDAY, JULY 15.

"REMEMBER THE MAINE."

THE Eighth did not have an opportunity to show its fighting qualities, but many an anxious mother in East Liverpool does not object to that.

If Blanco attempted to commit suicide when he heard the fleet was destroyed what did he do when the news came that Santiago had surrendered?

GENERAL TORAL, like all Spanish commanders, believe they have learned to play the game of bluff, but the present campaign is showing them that bluffing Americans and bluffing members of their own race is different. One requires courage, the other braggadocio.

THE splendid showing made by organized young Republicans at their convention in Omaha serves to show that East Liverpool should have a live, wide-awake organization of that sort. The material is here, and it is a reflection upon the city polling so large a Republican vote that a local club is not a factor in every state and national campaign.

THE determination of the administration to occupy Porto Rico before attacking Havana is another display of wisdom that will be appreciated by the troops. The climate of the first at this season is by no means pleasant, but it is so far preferable to the northwestern coast of Cuba as to insure a much smaller death rate. Let Blanco wait. His time will come before Thanksgiving.

IN view of the surrender of Santiago the question of peace becomes more interesting. Whether Spain will acknowledge herself beaten now that an important point has been taken remains to be seen, and whether this government would receive any suggestion of peace, except on terms which Spain could not accept, is another matter of importance. However, the next few days will doubtless bring some answer.

AS USUAL the News Review gave the public the first news. Yesterday afternoon when the information reached this office of the success which had crowned Columbia's efforts, it was bulletined, and in a short time the victory was being discussed throughout the city. Later information was given the people by means of the bulletin board, and by 3 o'clock all who were abreast of the times knew Santiago had surrendered.

DON'T FORGET THEM.

There was some fighting on the hills around Santiago, and some men came out of the conflict wearing all the honor that a generous and thankful nation can bestow, but it must not be forgotten that there are heroes among General Shafter's forces whose names will not appear in official reports or go down in history. They are the boys who stood knee deep in water and suffered privations such as the ordinary man cannot imagine, the brave fellows who held the line which even Shafter acknowledged was thin, and without a word of complaint stood at their posts ready and willing to do their duty in spite of the rain, no food, and the momentary expectation of attack. The country honors all its servants for what they have done, but let not the boys who stood in the trenches be forgotten. They deserve all the praise they can possibly be given.

TO BORROW THE MONEY

Finance Committee Will Call on the Banks.

COST OF THE LAST FLOOD

All Needed Repairs Have Been Listed, and the Work Will Go Right Along Without Interruption—A Business Session of Financiers.

Finance committee of council met yesterday afternoon and made definite arrangement in regard to raising money to pay for the damages caused by the recent rains.

There were present at the meeting President Marshall and Messrs. Peach, Cain and Stewart. The last report of Treasurer Herbert showed a balance in the street fund of \$1,208.61, but the pay Tuesday evening caused it to be overdrawn \$786.

Mr. Peach remarked that the city should not pay any money out of the funds for damages caused by the floods, and if they did money should be borrowed and placed in the funds used to pay expenses.

An estimate was made of the money already used to pay for repairing damages and it was placed at \$1,628.39, while Clerk Hanley remarked that it was a very small estimate in view of the extraordinary expense.

The committee then started to make an estimate of the amount yet needed to complete the work of repairing the damages.

The first matter to be discussed was the culvert between East Market street and Green lane. It was placed at \$400, as the property owners had agreed to pay one half the expense.

Mr. Peach thought the city should not build any culverts along Tanyard run until they started at one end and put it clear through. He suggested that council accept the proposition of the Pennsylvania company and hold a bond election to secure the money to pay the expense. Mr. Cain replied that it should be held at a regular election, as council had had enough experience with bond issues at special elections.

It was decided to place a four foot box in Church alley which would cost \$50, while the filling at this point would cost in the neighborhood of \$150, making a total of \$200.

The committee then began talking about Huston road, and President Marshall wanted to know what had become of the condemnation proceedings and Mr. Peach replied that it was in the hands of the lawyers and might as well be buried. He suggested that the city pave what they could find of the street.

Mr. Marshall asked why work on the sewer had not been started, and Engineer George replied that he was waiting on council.

Mr. Marshall replied that the work should be started, and said: "I would suggest that when you get your stakes set you notify us and let us see it, as we have no desire to get into another box like the one we now have in East End. Your arrangement of the sewer there does not seem to suit at all."

Engineer George replied that it was impossible to please everybody, but Mr. Marshall said he thought council might be able to settle affairs harmoniously.

Clerk Hanley was then notified to instruct the solicitor to file the bond of the city for any damages that might occur to Mr. Morton, and the work in Huston road will be commenced at once.

The repairing of a bridge in East End was placed at \$65, while the damage along Pennsylvania avenue will cost \$175.

Mr. George stated that it cost \$3 per perch for stone work, and Mr. Marshall replied that the city didn't want such work as it was now getting, and thought the price was too high. Mr. George suggested that they use 24 inch sewer pipe at one place to culvert the run, but was informed by Mr. Stewart that council had enough experience with sewer pipe culverts.

The cost of repairing Virginia avenue will be \$50, while it will take \$800 to fix the Mulberry street culvert.

These were all the repairs necessary, and the total reached \$1,890, making a grandtotal of \$3,518.39 with the money already expended. The clerk and mayor will probably be instructed to borrow the money from the banks, but not at the present time.

The engineer was instructed to increase the size of the sewer in Huston road, and new bids will be received.

NO TRACE

Can Be Found of Missing Attorney Mackall.

The sudden disappearance of Attorney Mackall from the home of his brother-in-law, in East Palestine, continues to alarm his friends in this city, since he has not been found. Additional particulars from Palestine only serve to add to their anxiety.

It seems that soon after Mr. Mackall's absence had been discovered it was found that a horse had been taken from a stable not far away. A bridle was also gone. Yesterday the horse was found in the road about 2 1/2 miles south of Palestine. It did not then wear the bridle. That at once alarmed his friends, and it was feared that he had used the bridle to hang himself.

It is stated that when Mackall left East Palestine he wore nothing but his underclothing and coat and vest.

At a late hour this afternoon nothing had been learned of the whereabouts of the missing man.

News reached here this afternoon that a telephone message had been received in East Palestine stating that Mr. Mackall was here. This is not believed as none of the attorney's friends in the city have heard anything of his whereabouts.

From another source it is learned that the bondsmen of Mr. Mackall have not heard of his whereabouts, but have secured a slight clue, and think he is still in the vicinity of East Palestine.

REMEMBER OUR BOYS

When Thinking of the Great Santiago Victory.

EDITOR NEWS REVIEW:—Now that official news has been received of the great and final victory at Santiago, let us not forget to award a full share of the praise to our brave boys of Company E, the Eighth regiment, and all of General Garretson's noble brigade, who were carried to the front by the St. Paul as fast as steam could force the great vessel, and who, without a moment's hesitation, with all their heavy load of accoutrements, risked their lives in the small boats through the heavy surf, and after landing made one of the quickest forced marches on record, through the muddy roads and swamps, throwing themselves into the trenches, half filled with water and mud, and thus being in at the death, to help force the enemy to surrender. God bless the brave boys of Company E, and the entire American army, and bring speedy and honorable peace and the safe return of our gallant soldiers.

First Elephant in America.

It is not generally known that a former citizen of Owensboro brought across the ocean the first elephant that was ever in America. The name of the gentleman was Moses Smith, who at one time owned a vast body of land from the mouth of Panther creek up the river, embracing nearly all the present farms in the neighborhood of Sorgho. Mr. Smith was at Paris with his brother and had "more money than he knew what to do with." He told his brother that he intended taking something to America that the people had never seen. "You had better buy an elephant," said the jocular brother, and that was what Moses did.

He picked out the biggest animal he could find and paid an enormous price for it. He brought it to New York, where it was a nine days' wonder, but the owner soon found that he had something worse than the proverbial white elephant on his hands. He tried to sell it, but could find no buyer and at last undertook to give it away, in which he was equally unsuccessful. Finally he found a man who agreed to pay him \$100 for it, and this individual put it on exhibition. He was so successful that he went into the show business and made a fortune out of Mr. Smith's folly. Colonel Frank McKernan of Adairville is a grandson of Mr. Smith, who lived to a great age at his home in this county.—Owensboro (Ky.) Inquirer.

SUED THE ICE COMPANY

Because the Course of Old Tanyard Run

HAS BEEN MATERIALLY CHANGED

It Is Claimed That Much Damage Has Been the Result—Other Portions of the Petition Bring Out Grievances For Which \$2,500 Is Asked.

Catherine E. Caraharr has filed a petition against the East Liverpool Ice and Coal company, asking damages aggregating \$2,500.

She says she owns land abutting on Accommodation lane and the company owns land on the opposite side of the same street. Tanyard run runs through her land and the company's, and in its natural course has never done any damage to her, but the defendant company has diverted the stream in such a way that on June 18 it broke over and wholly ruined a large part of her land, ruined part of the foundation, walls, plastering and paper of her houses, and caused them to be untenable by washing large quantities of filth and dirt into her houses and cellars. For this she asks damages in the sum of \$1,500.

She also asks to have the company permanently enjoined from continuing to divert the stream. She claims the company has three waste pipes and one exhaust pipe laid in her land, which washes away the land, renders it and the buildings damp and untenable. She asks to have the company enjoined from keeping the pipes there and for \$500 damages.

The petition also says the company has built a large platform and a building which obstruct the alley and render access to her houses impossible. She asks to have the platform and building moved and for \$500 damages.

The case was filed in common pleas court yesterday afternoon.

Finance Committee Will Call on the Banks.

COST OF THE LAST FLOOD

All Needed Repairs Have Been Listed, and the Work Will Go Right Along Without Interruption—A Business Session of Financiers.

Finance committee of council met yesterday afternoon and made definite arrangement in regard to raising money to pay for the damages caused by the recent rains.

There were present at the meeting President Marshall and Messrs. Peach, Cain and Stewart. The last report of Treasurer Herbert showed a balance in the street fund of \$1,208.61, but the pay Tuesday evening caused it to be overdrawn \$786.

Mr. Peach remarked that the city should not pay any money out of the funds for damages caused by the floods, and if they did money should be borrowed and placed in the funds used to pay expenses.

An estimate was made of the money already used to pay for repairing damages and it was placed at \$1,628.39, while Clerk Hanley remarked that it was a very small estimate in view of the extraordinary expense.

The committee then started to make an estimate of the amount yet needed to complete the work of repairing the damages.

The first matter to be discussed was the culvert between East Market street and Green lane. It was placed at \$400, as the property owners had agreed to pay one half the expense.

Mr. Peach thought the city should not build any culverts along Tanyard run until they started at one end and put it clear through. He suggested that council accept the proposition of the Pennsylvania company and hold a bond election to secure the money to pay the expense. Mr. Cain replied that it should be held at a regular election, as council had had enough experience with bond issues at special elections.

It was decided to place a four foot box in Church alley which would cost \$50, while the filling at this point would cost in the neighborhood of \$150, making a total of \$200.

The committee then began talking about Huston road, and President Marshall wanted to know what had become of the condemnation proceedings and Mr. Peach replied that it was in the hands of the lawyers and might as well be buried. He suggested that the city pave what they could find of the street.

Mr. Marshall asked why work on the sewer had not been started, and Engineer George replied that he was waiting on council.

Mr. Marshall replied that the work should be started, and said: "I would suggest that when you get your stakes set you notify us and let us see it, as we have no desire to get into another box like the one we now have in East End. Your arrangement of the sewer there does not seem to suit at all."

Engineer George replied that it was impossible to please everybody, but Mr. Marshall said he thought council might be able to settle affairs harmoniously.

Clerk Hanley was then notified to instruct the solicitor to file the bond of the city for any damages that might occur to Mr. Morton, and the work in Huston road will be commenced at once.

The repairing of a bridge in East End was placed at \$65, while the damage along Pennsylvania avenue will cost \$175.

Mr. George stated that it cost \$3 per perch for stone work, and Mr. Marshall replied that the city didn't want such work as it was now getting, and thought the price was too high. Mr. George suggested that they use 24 inch sewer pipe at one place to culvert the run, but was informed by Mr. Stewart that council had enough experience with sewer pipe culverts.

The cost of repairing Virginia avenue will be \$50, while it will take \$800 to fix the Mulberry street culvert.

These were all the repairs necessary, and the total reached \$1,890, making a grandtotal of \$3,518.39 with the money already expended. The clerk and mayor will probably be instructed to borrow the money from the banks, but not at the present time.

The engineer was instructed to increase the size of the sewer in Huston road, and new bids will be received.

NO TRACE

Can Be Found of Missing Attorney Mackall.

The sudden disappearance of Attorney Mackall from the home of his brother-in-law, in East Palestine, continues to alarm his friends in this city, since he has not been found. Additional particulars from Palestine only serve to add to their anxiety.

It seems that soon after Mr. Mackall's absence had been discovered it was found that a horse had been taken from a stable not far away. A bridle was also gone. Yesterday the horse was found in the road about 2 1/2 miles south of Palestine. It did not then wear the bridle. That at once alarmed his friends, and it was feared that he had used the bridle to hang himself.

It is stated that when Mackall left East Palestine he wore nothing but his underclothing and coat and vest.

At a late hour this afternoon nothing had been learned of the whereabouts of the missing man.

News reached here this afternoon that a telephone message had been received in East Palestine stating that Mr. Mackall was here. This is not believed as none of the attorney's friends in the city have heard anything of his whereabouts.

From another source it is learned that the bondsmen of Mr. Mackall have not heard of his whereabouts, but have secured a slight clue, and think he is still in the vicinity of East Palestine.

REMEMBER OUR BOYS

When Thinking of the Great Santiago Victory.

EDITOR NEWS REVIEW:—Now that official news has been received of the great and final victory at Santiago, let us not forget to award a full share of the praise to our brave boys of Company E, the Eighth regiment, and all of General Garretson's noble brigade, who were carried to the front by the St. Paul as fast as steam could force the great vessel, and who, without a moment's hesitation, with all their heavy load of accoutrements, risked their lives in the small boats through the heavy surf, and after landing made one of the quickest forced marches on record, through the muddy roads and swamps, throwing themselves into the trenches, half filled with water and mud, and thus being in at the death, to help force the enemy to surrender. God bless the brave boys of Company E, and the entire American army, and bring speedy and honorable peace and the safe return of our gallant soldiers. W. H. SURLER.

First Elephant in America.

It is not generally known that a former citizen of Owensboro brought across the ocean the first elephant that was ever in America. The name of the gentleman was Moses Smith, who at one time owned a vast body of land from the mouth of Panther creek up the river, embracing nearly all the present farms in the neighborhood of Sorgho. Mr. Smith was at Paris with his brother and had "more money than he knew what to do with." He told his brother that he intended taking something to America that the people had never seen. "You had better buy an elephant," said the jocular brother, and that was what Moses did.

He picked out the biggest animal he could find and paid an enormous price for it. He brought it to New York, where it was a nine days' wonder, but the owner soon found that he had something worse than the proverbial white elephant on his hands. He tried to sell it, but could find no buyer and at last undertook to give it away, in which he was equally unsuccessful. Finally he found a man who agreed to pay him \$100 for it, and this individual put it on exhibition. He was so successful that he went into the show business and made a fortune out of Mr. Smith's folly. Colonel Frank McKernan of Adairville is a grandson of Mr. Smith, who lived to a great age at his home in this county.—Owensboro (Ky.) Inquirer.

SUED THE ICE COMPANY

Because the Course of Old Tanyard Run

HAS BEEN MATERIALLY CHANGED

It Is Claimed That Much Damage Has Been the Result—Other Portions of the Petition Bring Out Grievances For Which \$2,500 Is Asked.

Catherine E. Caraharr has filed a petition against the East Liverpool Ice and Coal company, asking damages aggregating \$2,500.

She says she owns land abutting on Accommodation lane and the company owns land on the opposite side of the same street. Tanyard run runs through her land and the company's, and in its natural course has never done any damage to her, but the defendant company has diverted the stream in such a way that on June 18 it broke over and wholly ruined a large part of her land, ruined part of the foundation, walls, plastering and paper of her houses, and caused them to be untenable by washing large quantities of filth and dirt into her houses and cellars. For this she asks damages in the sum of \$1,500.

She also asks to have the company permanently enjoined from continuing to divert the stream. She claims the company has three waste pipes and one exhaust pipe laid in her land, which washes away the land, renders it and the buildings damp and untenable. She asks to have the company enjoined from keeping the pipes there and for \$500 damages.

The petition also says the company has built a large platform and a building which obstruct the alley and render access to her houses impossible. She asks to have the platform and building moved and for \$500 damages.

The case was filed in common pleas court yesterday afternoon.

GREEN WAS RELEASED

Given to His Friends After Being Arrested.

FOUND DRUNK AT A POTTERY

Sunnyside Boys Called Before Mayor Bough For a Long List of Unlawful Actions—Police Looking For a West Market Street Party.

Mayor Bough had a small amount of news to give out today, but there was one case in which no fine was received. Yesterday afternoon Officer Terrence arrested Marshall Green near the Standard pottery and took him to jail in the patrol. Instead of placing him in jail, as is customary with all men who are arrested on a similar charge, he was taken before the mayor immediately. He was very drunk and the mayor decided that instead of putting him in jail he would allow his friends to take him home. This was done and no fine was imposed.

For several weeks people living in Sunnyside have been complaining to the mayor about a crowd of boys who enjoy themselves in the evening by throwing stones at houses and otherwise injuring property. Officer McMillan was sent out yesterday afternoon to round up the crowd, and as a result of his labor boys giving the following names were arrested: Cartwright, Shenton, Mackey, Williams, Cathbert, Darrah, Hester and Mitchell. The boys have been misbehaving, and the next time they are brought before the mayor they may be sent to the reform school.

Another crowd, similar to the one arrested last night, will soon be brought before the mayor. This crowd infest West Market street near Sheridan avenue, and annoy pedestrians by placing bricks on the pavement for the purpose of causing people to fall. Every one of this crowd will be fined if captured.

VICTORIOUS TOMBSTONES.

There Was Much Enthusiasm Over the Game.

The ball game at the campground last evening was attended by all the residents, who rooted long and strong for the Tombstones, and the victory was due in a great measure to their efforts.

At a meeting of the trustees held last evening it was decided to purchase a new engine and boiler to operate the upper well and do away with the windmill. The idea of putting in two fountains at the ground was also discussed, and will probably be carried out. It was also decided to sewer the grounds next spring.

THE REPUBLICAN LEAGUE.

Decided to Hold Biennial Conventions. A Platform Adopted—Woodman—see Made a Speech.

OMAHA, July 15.—Vigorous application to business enabled the Republican League of the United States to finish almost all its routine business at its second day's session yesterday. Had it not been for the fight for the position of president the work would now be all over. The oratorical feature of the day was a short but patriotic address by ex-President Woodmansee of Cincinnati, who spoke of the war as not one of parties, but of the people, yet he gives to President McKinley great credit for the wisdom he has displayed in the conduct of the affairs with Spain.

The report of the committee on resolutions was adopted as it was read. It pledges anew support to the Republican platform adopted at St. Louis in 1896, congratulates the country on the return of prosperity, declares for the single gold standard, commends President McKinley's conduct of negotiations with Spain and his prosecution of the war, and says the future disposition of conquered territory can be safely left to a Republican president and Republican congress; greetings were sent to soldiers and sailors.

A resolution providing for the change of plan of meeting from annual to biennial sessions was adopted after considerable discussion, the final vote being unanimous. The next convention is to be in 1900.

A resolution providing for the admission of women as members and delegates was also adopted without debate.

BAPTIST YOUNG PEOPLE.

Their Union Holding a National Convention at Buffalo—Chapman's Reference to the War.

BUFFALO, July 15.—The eighth international convention of the Baptist Young People's union opened most auspiciously yesterday at the Seventy-fourth regiment armory. The Stars and Stripes predominated in the decorations, but the Union Jack was almost equally prominent. President John N. Chapman of Chicago, opened the convention.

In the course of his remarks he said: "Today we meet under two flags but with one spirit. The Union Jack is drooping today because God has lately called home one of England's many heroes, William Ewart Gladstone."

"There is sorrow beneath our flag because we have been called upon to chastise another nation in the cause of liberty and right. But we are to fight against a worse foe than Spain and in a better cause than Cuba—the cause of Christ in this world."

Yesterday afternoon the reports of the board of managers and treasurer were read.

AID SOLDIERS' FAMILIES.

Governor Hastings Favors Organization of Relief Associations Throughout Pennsylvania.

HARRISBURG, July 15.—Relief associations are being formed in many localities in Pennsylvania and should be organized, Governor Hastings says, at every place in the commonwealth that has furnished a military company or a lesser number of soldiers. The governor advocates the calling of public meetings to form organizations with a president, secretary and visiting committee of three.

A guarantee fund should be subscribed sufficient to raise a monthly contribution amounting to what will be necessary to meet all proper demands. He suggests that these visiting committees obtain the name of every family that sent a soldier to the front and quietly ascertain the exact condition of the family and then supply its wants.

Hastings Greeted the Troops.

HARRISBURG, July 15.—Company K of the Fifth Pennsylvania volunteers passed through Harrisburg last evening from Wellsboro enroute to Chickamauga to join the regiment. Governor Hastings and Adjutant General Stewart were at the depot to greet the troops. A company will be mustered today at Gettysburg and another probably tomorrow at Jeannette. Two companies will be mustered in Philadelphia next week to be attached to the Third regiment at Tampa.

Will Try to Save the Colon.

OFF SANTIAGO DE CUBA, July 13, via Kingston, Jamaica, July 15.—Admiral Sampson this morning sent the battleship Texas to make the wreck of the Cristobal Colon fast to the shore by hawsers and cable. It has been decided to attempt to save and repair her.

Renominated For Congress.

MILLERSBURG, O., July 15.—The Democratic congressional convention of the Seventeenth congressional district nominated J. A. McDowell yesterday by acclamation for a second term.

SENATOR KENNEY'S TRIAL.

Boggs Gave More Damaging Testimony Against Him.

WILMINGTON, Del., July 15.—Senator Richard R. Kenney of Delaware yesterday faced the jury in his trial for aiding and abetting William N. Boggs, the defaulting teller of the First National bank of Dover, in the misapplication of the funds of that institution.

Boggs' direct examination being resumed, he said that when, in 1895, he first told Senator Kenney he was in default, Mr. Kenney said in part: "You have concealed it before, I don't see why you cannot do it again."

Three bonds aggregating \$7,300, made

out to Senator Kenney, were identified by witness as belonging to him (Boggs). They had been made out to the defendant just before witness disappeared and were to support Boggs' family during his absence. The bonds had been given to Boggs in exchange for checks he had been carrying along. Under cross-examination witness said his downfall was due to faro, poker and stock gambling.

The commonwealth here rested its case. Senator Gray for the defense said that he would have Senator Kenney and other witnesses testify in order to show conclusively that the defendant is innocent.

ABOUT \$1,200,000,000.

At Least Six Times Amount of War Loan Subscribed.

WASHINGTON, July 15.—The subscriptions to the new 3 per cent war loan of \$200,000,000, which closed at 8 o'clock yesterday afternoon, including the offers made by syndicates, will amount to \$1,200,000,000, or six times the amount of the issue. The subscriptions represented by checks or other form of payment, it is estimated, will aggregate about \$750,000,000, or three and three-fourth times the amount of issue.

Early this week Assistant Secretary Vanderlip, who has had immediate supervision of the work in connection with the loan, became convinced that the subscriptions of individuals would be far more than sufficient to wholly absorb the loan, and gave instructions that checks representing all subscriptions of corporations be prepared and returned to the senders.

ANOTHER EXPEDITION.

Ships Prepared to Sail For the Philippines From San Francisco.

SAN FRANCISCO, July 15.—The transport steamers City of Puebla and the Peru have received their complement of troops, and, unless contrary orders are received from Washington, the two steamers will arrive at Honolulu in time to participate in the ceremony of annexation.

It is understood that the Puebla and Peru will remain at Honolulu after coaling to await the arrival of the second section of fifth fleet, which will sail from here in about ten days.

Carranza's Whereabouts Unknown.

MONTREAL, July 15.—Wednesday there were rumors that Lieutenant Carranza did not sail with Senor DuBosc. Yesterday it was stated positively that Carranza was impersonated by some unknown person and did not board the ship. Where Carranza is now is a mystery.

Reformed Church Mission Board.

YOUNGSTOWN, O., July 15.—The board of home missions of the Reformed church of the United States closed its sessions here yesterday. It was recommended that Connellsville, Pa., be enrolled as a mission from Oct. 1, 1898, that Elmer E. Emschoff be commissioned to Sharpville, Pa. It was decided to hold the next meeting at the Monongahela House, Pittsburgh, the second Tuesday in October.

Cruel Spaniards.

Spanish officers as well as men generally incline to cruelty and treachery. Here is a story in point, told by an excellent authority:

"In Alcala, the Guardia Civil—that is, one of the crack troops—was after a robber band. One of the robbers was caught. Being promised a full pardon, he gave away his comrades. This man had no sooner signed the paper that served as his death warrant for his late friends when the officer in charge said, 'We will begin with him.' The robber was immediately shot in the back of his head."

Gunboat Bennington Left.

SAN FRANCISCO, July 15.—The gunboat Bennington left her anchorage yesterday afternoon and proceeded down the bay amid the tooting of many whistles and the dipping of flags from the merchant vessels. It is generally supposed that she is going to Honolulu, but nothing as to her destination can be stated at this time.

Agreed to Fight.

NEW YORK, July 15.—George F. Conside, representing James J. Corbett, and W. B. Gray, representing Kid McCoy, met yesterday afternoon and came to an agreement for the men to meet at Buffalo on Sept. 10 before the Hawthorne Athletic club in a 20-round bout.

GREEN WAS RELEASED

Given to His Friends After Being Arrested.

FOUND DRUNK AT A POTTERY

Sunnyside Boys Called Before Mayor Bough For a Long List of Unlawful Actions—Police Looking For a West Market Street Party.

Mayor Bough had a small amount of news to give out today, but there was one case in which no fine was received. Yesterday afternoon Officer Terrence arrested Marshall Green near the Standard pottery and took him to jail in the patrol. Instead of placing him in jail, as is customary with all men who are arrested on a similar charge, he was taken before the mayor immediately. He was very drunk and the mayor decided that instead of putting him in jail he would allow his friends to take him home. This was done and no fine was imposed.

For several weeks people living in Sunnyside have been complaining to the mayor about a crowd of boys who enjoy themselves in the evening by throwing stones at houses and otherwise injuring property. Officer McMillan was sent out yesterday afternoon to round up the crowd, and as a result of his labor boys giving the following names were arrested: Cartwright, Shenton, Mackey, Williams, Cathbert, Darrah, Hester and Mitchell. The boys have been misbehaving, and the next time they are brought before the mayor they may be sent to the reform school.

Another crowd, similar to the one arrested last night, will soon be brought before the mayor. This crowd infest West Market street near Sheridan avenue, and annoy pedestrians by placing bricks on the pavement for the purpose of causing people to fall. Every one of this crowd will be fined if captured.

VICTORIOUS TOMBSTONES.

There Was Much Enthusiasm Over the Game.

The ball game at the campground last evening was attended by all the residents, who rooted long and strong for the Tombstones, and the victory was due in a great measure to their efforts.

THE REPUBLICAN LEAGUE.

Decided to Hold Biennial Conventions. A Platform Adopted—Woodmansee Made a Speech.

OMAHA, July 15.—Vigorous application to business enabled the Republican League of the United States to finish almost all its routine business at its second day's session yesterday. Had it not been for the fight for the position of president the work would now be all over. The oratorical feature of the day was a short but patriotic address by ex-President Woodmansee of Cincinnati, who spoke of the war as not one of parties, but of the people, yet he gives to President McKinley great credit for the wisdom he has displayed in the conduct of the affairs with Spain.

Surprise

Clothing Store.

WE had decided on account of being unable to secure a storeroom in East Liverpool sufficient in size and properly located, to remove from the city. Since that the owner of the property in which we are now located has decided to enlarge present quarters to more than double the size, in fact to three or four times as large. Under these circumstances we will remain in Liverpool.

Our stock purchased for the place to which we were to remove is now on our hands, and must be sold. Our misfortune in having to change our plans will be the public gain, for we have not the room to store our goods, and they must be sold.

Will, therefore, inaugurate a **DULL SEASON SALE**, and will sell at prices lower than actual cost of the goods.

The Odd Fellows are today holding their annual picnic. A large number of guests are present.

Homer Laughlin, of Los Angeles, arrived in the city this morning after a short stay in the east.

Jonas Cruthers, clerk at the Lakel house, left for an extended trip through the East this morning.

Miss Mary Mertz left this morning for her home in Weston, called there by the illness of her mother.

The street force today cleaned the alleys leading to the Horn switch. The improvement was much needed.

J. O. McClain spent the day in Salineville attending to some business in connection with the Furnace Fireclay company.

Business is increasing at the freight depot, and yesterday about 15 cars were loaded and sent out from the outbound platform.

Dr. George P. Ikert, executor, this morning, in the court of Squire Rose, was given judgment against Theodore Burke for \$37.

Lyman Rinehart has purchased Jennie K., a fast black horse from a Jefferson county stock farm. He will put it on the track as it is a very speedy animal.

The upper mill at Irondale has been started, and next week a full force will be employed at the lower mill. The town of tin was never so prosperous as at present.

W. S. Newhall, James Hage and F. R. Martin, of the Cleveland and Pittsburgh railroad who were in the city yesterday, returned to Cleveland in the afternoon.

A new sign has been painted on the glass above the door of the mayor's office. The sign is for the purpose of letting the people know where law is dealt out.

Thos. H. Arbuckle has the thanks of the News Review for Bennington, Vt., and Troy, N. Y., papers. Mr. and Mrs. Arbuckle are greatly enjoying their stay in the east.

The Alum Cliff Gas company are putting down an artesian well on the Robinson farm near Williamsport. As soon as the work is finished they will put down several holes in their field.

The board of education will hold its regular meeting in the directors' room of the Central building next Monday evening. There is very little business to transact, and the most important matter is the paying of a few bills.

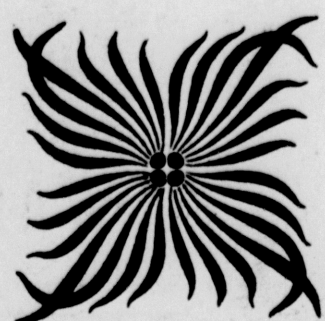

Mrs. Will George, of East Palestine, was in the city yesterday accompanied by her sister, Mrs. Quay. The latter lady moved from this place to Maryland three years ago, but now resides in Palestine.

Miss Druscilla Ferguson, of Wilberforce university, will arrive here tomorrow for a visit with her cousin, Rev. B. M. Carson. The lady will occupy the pulpit at the African M. E. church next Sunday evening.

Rev. Dr. J. C. Taggart will leave today for Beaver, where he will conduct services this evening and tomorrow. He will spend Sunday with relatives in Palestine. The pulpit at the First U. P. church will be filled by Reverend Manor.

Last evening a well-known man in the city was returning from a trip to the country and went to sleep in the buggy. The animal made its way home and the man did not awaken until after the hostlers at the livery stable had started to unhitch the horse.

Surprise

Clothing Store.

WE had decided on account of being unable to secure a storeroom in East Liverpool sufficient in size and properly located, to remove from the city. Since that the owner of the property in which we are now located has decided to enlarge present quarters to more than double the size, in fact to three or four times as large. Under these circumstances we will remain in Liverpool.

Our stock purchased for the place to which we were to remove is now on our hands, and must be sold. Our misfortune in having to change our plans will be the public gain, for we have not the room to store our goods, and they must be sold.

Will, therefore, inaugurate a **DULL SEASON SALE**, and will sell at prices lower than actual cost of the goods.

14TH YEAR. NO. 31.

EAST LIVERPOOL, O., FRIDAY, JULY 15, 1898.

SANTIAGO OURS.

General Toral Agreed to Surrender.

OVER 12,000 PRISONERS.

United States Government Agreed to Return Them Home.

COMMISSIONERS WERE APPOINTED.

Each Side Named Men to Arrange the Details of the Surrender—The Spanish Commander Gives Up the Whole Eastern End of the Island—The Troops Compose About All of the Fourth Army Corps of the Spanish Army—A Meeting Between Commanders—General Miles Praises the Troops.

PLAYA DEL ESTE, Guantanamo Bay, July 15.—General Toral, commanding the Spanish forces at Santiago de Cuba yesterday morning sent a communication to General Shafter indicating his willingness to accept the terms of surrender proposed and asking the American commander to appoint commissioners to meet the Spanish commissioners to arrange to send the Spanish troops back to Spain. This will be promptly done.

The surrender of General Toral not only means the fall of Santiago, but by the terms of surrender the whole eastern end of the island falls into the hands of the United States without firing a shot.

The surrender is to include all the Spanish troops at Santiago, Guantanamo, Caimanera and Sagua, composing the Fourth army corps of the Spanish army.

The portion of the province of Santiago de Cuba that lies east of the line from Sagua, via Las Palmas, to Acera-dores, is surrendered to the United States.

The prisoners number over 12,000 men.

WASHINGTON, July 15.—The news of the surrender came to Washington in dispatches from Generals Shafter and Miles. The latter cabled that General Shafter and his men deserved great credit.

GENERAL WHEELER'S HEADQUARTERS, BEFORE SANTIAGO DE CUBA, July 13, via Kingston, Jamaica, July 15.—It appears that on Monday General Shafter did not again demand the unconditional surrender which General Toral had refused on Sunday, but offered, as an alternative proposition, to accept the capitulation of the enemy and to transport the Spanish officers and troops to Spain, they to leave all their arms behind and he to accept their parole. It was this proposition which General Toral declined yesterday.

This morning it was decided to hold a personal interview with General Toral. General Miles and his staff, who got no further than General Shafter's headquarters last night, accompanied by General Shafter and his staff, rode out to the front shortly before 8 o'clock under a flag of truce. A request for a personal interview with the Spanish commander-in-chief was made and acceded to, and about 9 o'clock General Miles, General Shafter, General Wheeler, General Gilmour, Colonel Morse, Captain Wiley and Colonel Maus rode up, passed over our entrenchments and went down into the valley beyond. They were met by General Toral and his chief of staff, under a spreading mango tree, at the bottom of the valley about half way between the lines. The interview that followed lasted an hour.

The situation was placed frankly before General Toral and he was offered the alternative of being sent home with his garrison or leaving Santiago province. The only condition imposed being that he should not destroy the existing fortifications and should leave his arms behind. This latter condition the Spanish general, who does not speak English, explained through his interpreter was impossible. He said the laws of Spain gave a general no discretion. He might abandon a place when he found it untenable, but he could not leave his arms behind without subjecting himself to the penalty of being court-martialed and shot. His government, he said, had granted him permission to evacuate Santiago. That was all. Further than that he was powerless to go.

Without saying so in words, General Miles said the tenor of General Toral's remarks all betrayed his realization that he could not hold out long.

Then General Shafter explained that our reinforcements were coming up, that he was completely surrounded and that our new batteries were being posted. General Toral simply shrugged his shoulders.

"I am but a subordinate," said he, "and I obey my government. If it is necessary we can die at our posts."

General Toral is a man of 60 years of age, with a strong rugged face and fine, soldierly bearing. His brave words inspired a feeling of respect and admiration in the hearts of his adversaries.

Nevertheless the Spanish general's anxiety to avoid further sacrifice of life in his command was manifest, and he did not hesitate to ask for time to communicate the situation to Madrid, although he dubiously shook his head when he spoke of the probable response.

Upon the return of our commanders to the American lines an important consultation was held at General Wheeler's headquarters.

Generals Garcia and Castillo, with their staffs, had ridden around from the extreme right to see General Miles. It was a notable group, gathered under the protecting awning of General Wheeler's tent.

There were present General Miles, General Shafter, General Wheeler and General Garcia and their aides.

Assistant Naval Constructor Hobson, the hero of the Merrimac, who had come to headquarters with messages from Rear Admiral Sampson, was also present. The situation was discussed with the aid of a profusion of maps and at the conclusion of the conference a luncheon was served. It consisted of beans, hard tack and coffee. After this meal General Miles, General Shafter and General Garcia, with their staffs, rode off to inspect the position on the right flank.

They all agreed that General Toral was securely wedged in and that escape was impossible, but, owing to delays and the possibly incidental loss of life which was certain to result from an attempt to carry the town by assault, the danger to our troops from fever and disease, and above all, the fact that the Spanish fleet was destroyed, which has been the real object of the campaign, it seemed to be the general disposition to allow General Toral to evacuate Santiago. This would give us a military and naval base, permit the starving refugees to return to their homes and would allow the immediate embarkation of the bulk of our army for the Porto Rico campaign.

The rain now falls in sheets every day, drenching the soldiers, washing out the roads and swelling the streams into torrents. In fact, our base of supplies is actually threatened by the mountain streams. Two bridges have been carried away this afternoon, after a downfall in which an inch and a half of rain fell.

The Aguadores river is impassable, the water, shoulder deep, is running like a small Niagara. A mule ambulance, which attempted to cross the river, was carried 200 yards down the stream, filled with refugees, to Caney, where the passengers were rescued with difficulty.

Colonel Theodore Roosevelt is one of those who believe the army is threatened with a great disaster unless General Toral and his troops are allowed to depart. The situation has been communicated to Washington and it is considered probable that the conditions imposed in the American propositions for surrender will be modified.

The rainy weather has accelerated the spread of malarial and other fevers. In some of the regiments over a third of the men are unfit for duty.

General Chaffee, in addition to General Duffield, is suffering from fever.

To a correspondent General Miles said he was proud to command an army which had carried the lines of hills on which our center rests. He added that there was no prouder page in our military annals than that written on July 1.

GERMANY'S EXPLANATION.

A Statement, Believed to Be Inspired, Regarding the German Warship Incident in Subic Bay.

BERLIN, July 15.—The Cologne Zeitung denounces the story of the German warship Irene's interference at Subic bay, island of Luzon, Philippines, as a fabrication. The Lokal Anzeiger says the Americans are unreasonably excited about the Irene incident. "Even if it occurred, as Admiral Dewey says, the Irene did not interfere, but retired immediately upon the arrival of the Americans. Therefore, every courtesy was shown that the Americans demand of a neutral country. But, if the Irene did hinder Aguinaldo's landing, it is no business of Dewey's. If the American admiral sees fit to make common cause with the insurgent chiefs it is none of our affair. Germany still preserves her neutrality toward Spain and does not intend to recognize Aguinaldo and his horde as belligerents. The matter is so plain that we do not believe any diplomatic step will be taken, and do not doubt for a moment that the American officials will admit the correctness of the German proceedings."

The foregoing is believed to be inspired. The Tageblatt's Madrid correspondent says Sagasta has declared that he is now convinced that the Americans would be defeated by the land forces in Cuba, and that the Americans know this themselves, but since Spain no longer has a fleet the Americans could starve the island without subjecting themselves to exposure of the Spanish bullets. Hence, he has resolved to bring about peace as soon as possible.

The German emperor has contributed 1,000 marks to the Red Cross fund.

Coal Operators Will Refuse.

ALTOONA, Pa., July 15.—The coal operators will positively refuse to consider the demand for an increase of wages made by the convention of bituminous miners of district No. 2. The operators say the war has hurt instead of helped the coal business of this district.

SAN JUAN NEXT.

Porto Rico's Chief Town to Be Taken.

SECT'Y. ALGER SO STATED.

Havana, if Need Be, Will Come Next on the Program.

WILL GO FORWARD IMMEDIATELY.

The Porto Rican Expedition Is to Be Commanded by General Miles in Person, Though General Brooke Is Expected to Be His Main Dependence. The Army to Be Composed of New Men and Not the Fighters Now in Cuba—Navy Expected to Be of More Assistance Than at Santiago.

WASHINGTON, July 15.—The first chapter in the land campaign of the United States against Spain closed yesterday with the Spanish surrender of Santiago. Next will follow the transportation of the Spanish troops back to their native land and the capture of the island of Porto Rico, unless peace soon intervenes.

The siege of Santiago had lasted two weeks. Looking back over the record of these two weeks it is seen that a great ironclad squadron has been destroyed, that nearly 1,000 Spanish sailors have been drowned or killed by shell and flame and that an untold number of Spanish soldiers have died in the trenches of Santiago. On the other hand about 250 American soldiers have been killed and, in round numbers, 2,000 more have been sent to the hospitals from wounds, fevers and other ailments. Our fleet had a remarkable exemption from disaster in the many engagements it has had with the forts at the entrance of the harbor and with the Spanish squadron.

"Next is Porto Rico," said Secretary Alger, after receiving news of Santiago's surrender. "And then, if need be, Havana."

The secretary said the Porto Rican expedition would go forward immediately. It will comprise new men entirely. The warriors in the trenches before Santiago have distinguished themselves, and it is not deemed prudent to bring them in unnecessary contact with new troops in view of the danger of spreading contagion. The sick soldiers will be nursed back to health and brought to the United States as soon as they can be safely removed. Immune regiments will be ordered to Santiago to garrison the town.

The Porto Rican expedition will be commanded by General Miles in person, though General Brooke, now in command at Camp Thomas, is expected to be his main dependence. The size of the expedition will depend upon General Miles' wishes, although it is believed that 25,000 men will be sufficient for the purpose. At San Juan the navy will be of greater assistance than it was at Santiago, owing to the possibility of approaching the town more closely without risking contact with mines. General Brooke has been summoned to Washington by direction of Secretary Alger, so that he will be in a position to make his views known to the department. The experience gained in dispatching Shafter's expedition, it is expected, will aid the officials in their determination to make short work of the Porto Rican affair.

The surrender of Santiago includes the whole province, with about 10,000 men.

According to our terms the men are to be transported back to Spain by the United States.

The territory surrendered by General Toral includes a population exceeding 125,000 when the country is in its normal state. It includes the important cities of Santiago de Cuba, Guantanamo, Sagua de Palma and Baracoa.

It is exceedingly rich in mineral, sugar and coffee. The large iron and copper mines at Juragua, Baiquiri and vicinity are owned by American companies. In the Guantanamo district are the extensive plantations of Soledad Esperanza, Los Canos, Santa Cecilia and others. Baracoa carried on an extensive fruit trade with the United States.

The plan of the war department for returning the surrendered army of General Toral to Spain will not necessitate the use of American vessels. It is the purpose of the department to ask for proposals from all steamship companies which desire to compete for transporting the Spanish troops, and the most advantageous bid will be accepted. The advices of General Shafter state that the number of Spanish prisoners will be between 12,000 and 15,000.

Failed to Bring Out Bodies.

CLEVELAND, July 15.—A rescue party went down into the water works tunnel yesterday and reached a distance of 5,600 feet, which is 300 feet further than any previous party has gone. They discovered a body of a victim, supposed to be that of McCauley, but owing to the fainting condition of the rescue party, could not remove it.

CONSTABLE LYON

Passed Away This Morning After a Long Illness.

Constable Harrison Lyon, aged 60 years, died at his home in Grant street this morning at 11:36 o'clock. His death was caused by stomach trouble.

Mr. Lyon was born at Fredericktown in September, 1837. When but a young man he entered the oil business, and remained in that trade until he removed to this place 11 years ago. He was married when 30 years old. During his life he has been employed in various capacities, and was ending his second term as constable of Liverpool township at the time of his death.

The arrangements for the funeral are partially completed. Services will be held at his late home Sunday afternoon at 2 o'clock, interment being made in the Wellsville cemetery. The Grand Army of which he was a member will attend the services in a body.

Mr. Lyon is survived by his wife and four children.

A PLUCKY BRAKEMAN.

He Recovered His Hat and Boarded the Train.

A freight train was passing over the Walnut street crossing yesterday when a brakeman jumped off for the purpose of placing a number of receipts in the box.

When he was ready to board the train it was moving at a rapid rate, and in attempting to catch a handle bar his hat blew off. At the same moment he stumbled, and the spectators expected to see him thrown under the train, but by a mighty effort he threw himself the other way. Hastily recovering his equilibrium the brakeman recovered his hat, and in another minute was on the train.

NOT THIS TIME

Will Alex Stevenson's Petition be Considered.

The name of Alex W. Stevenson does not appear in the list of cases to be considered by the board of pardons.

His friends in the city who have been using their efforts to secure his release will not bring up his case again before the board of pardons, as they realize there is but little hope for his release with the amount of opposition there is against it. The efforts to have him released will be continued, but his friends refuse to divulge their plans.

KEEPING ITS PROMISE.

The Railroad Company Is Repairing the Platform.

This morning four carpenters of the Cleveland and Pittsburgh railroad arrived in the city on the early train from Wellsville. Within 10 minutes after their arrival they were repairing that part of the platform that was unimproved when the carpenters were working at the station several weeks ago. They completed the work this evening and returned to Wellsville on the work train.

NEXT MONDAY

Ladies Will Organize a Red Cross Branch.

The meeting held last evening at the parish house of St. Stephen's church for the purpose of making useful articles for the soldiers of Company E, was attended by 16 ladies.

It was decided to form a branch of the Red Cross society, and the meeting was adjourned until next Monday evening when the organization will be perfected and officers elected.

ONLY A LITTLE MONEY

Will be Spent on the Wellsville Road by the Township.

The township trustees are still improving the Wellsville road, but will not spend more than \$50 on the thoroughfare.

The township portion is in much better condition than the part in the corporate limits, and the trustees intend that it shall remain that way.

Buried Today.

The funeral of Mrs. Sarah A. Miller took place this afternoon from her late home in Helana, Rev. J. R. Greene, officiating. Interment was made at Spring Grove.

Will Report.

The delegates of the Rechabites who attended the meeting last week of the Grant Tent at Newark will report tomorrow evening to the local lodge.

THREE MEN DEAD

Yellow Jack After Soldiers In Earnest.

TWENTY-THREE NEW CASES

Reported In the Vicinity of the Place Where It First Appeared—President McKinley Hopes For Peace, but Says There Have as Yet Been No Overtures, Spain Is Under Martial Law and the Carlists Are Excited.

WASHINGTON, July 15.—[Special]—Word received from Santiago today says that 23 new cases of yellow fever have developed among the soldiers, and there have been three deaths.

Every effort is being made to stamp out the disease, but it is spreading. All cases as yet are confined to the immediate vicinity of the camp where it first appeared.

HOPES FOR PEACE.

But President McKinley Says No Overtures Have Been Made.

WASHINGTON, July 15.—[Special]—President McKinley made the statement today that he hopes for early peace now that Santiago has been taken, but no overtures have yet been made.

It is believed in official circles here that Spain will make no move at the present time.

UNDER MARTIAL LAW.

Poor Old Spain Is Indeed in a Bad Way.

MADRID, July 15.—[Special]—The situation throughout Spain today is critical in the extreme. The brand is smoldering and at any moment the whole country may be ablaze.

The primary cause may be found in the fact that martial law was proclaimed throughout Spain early this morning. It is taken to mean that peace negotiations are already in progress, and the most stringent measures will be used to keep down the people until they are concluded and the war ended.

The Carlists are furious, and open threats are made that they will make trouble. General Weyler is believed to be in league with them, although he has made no open avowal. It is admitted everywhere in Madrid that the situation is grave, and rumors say the government cannot meet any well organized uprising.

MANY PRISONERS

Arrived at Portsmouth, N. H., This Morning.

PORTSMOUTH, N. H., July 15.—[Special]—The Harvard arrived here this morning having on board 800 Spanish prisoners. The voyage has been an exceptionally fast one, and all are well.

Plans for the disposition of the prisoners have already been made, and they will be carried out as soon as possible, as the Harvard is needed in the south.

PREPARING TO ACT.

Carlists In Northern Provinces Almost Ready.

PARIS, July 15.—(Special.)—A Madrid dispatch published this afternoon in Temps says the Carlists are preparing to seize the northern provinces of Spain. They are massing at several points in force.

Biggs—Quite a rivalry between Tom and Fred.

Griggs—Yes, I understand they are both seeking the hand of Miss Trifett. Biggs—They both called at her house the other evening and at once began the exciting game of trying to outwit each other. Tom had to give it up finally and left Fred in possession.

Griggs—So Fred got the best of it? Biggs—That's the question. It was a rainy night, and Tom did not take away the poorest umbrella when he left the house.—Boston Transcript.

THE POTTERY INDUSTRY

Will Be Investigated In a Few Months

BY THE BUREAU OF LABOR

Nothing Has Been Done For Two Years and Statistics Are Needed—A Man Will Be Sent Here Soon—Increased Production Makes It Necessary.

The commissioner who is at the head of the Ohio bureau of labor statistics is preparing for an assault on East Liverpool, and within a few months one of his deputies will be sent here for the purpose of gaining information.

Two years ago the bureau made an exhaustive investigation into the conditions surrounding the potting industry, and the report was gratifying in the extreme since it gave to East Liverpool the place it had won among the pottery communities of the world. Since that time production has been stimulated in a marked degree and many improvements have been made. In order to keep pace with the times the commissioner feels that he must again cover the field.

In an interview with an East Liverpool resident the other day Hon. W. C. Cochran, one of the statisticians employed by the department, said the work would be taken up early in the fall and completed as soon as possible. East Liverpool will of course be given the most attention, but the tile and brick industry will also be considered. Many changes are known to have taken place and will be included in the report which will be exhaustive.

It is learned from another source that particular attention will be paid to child labor in factories coming under this head, the same policy being carried out as in the investigations in many other branches of industry. The last legislature touched upon the matter in an important way, and it is desired that something regarding the enforcement of the new law be known.

RACING.

Wheelmen and Horsemen Disobeyed the Law.

Last night was an unusually pleasant evening, and scores of wheelmen and many horsemen were on the streets. They cannot resist the temptation to race, and as a result a number of persons narrowly escaped being run down.

Perhaps the case of a little girl at Jackson and Fifth streets was the closest. Two horses were coming toward her at full speed as she attempted to cross. She became confused, and had not one driver chanced to see her and turned close to the curb, she would have doubtless been seriously injured.

HOT FIGHTING.

Landing of Supplies to Gomez Perilous Work.

CAPT. NUNEZ WAS KILLED.

Winthrop Chanler and Five Cubans Were Wounded.

GUNBOAT PEORIA SHELLED FORTS

Three Attempts Made to Land Before the Expedition Was Successful—Gomez Conferred With American Officers and Sent a Plan of Campaign to President McKinley—Brave German Doctor. Singular Experience of Chanler and the German and Another Doctor—Gunboat Helena Aided the Peoria.

KEY WEST, July 15.—Three champion filibusterers, the Florida and Fanita, under convoy of the little auxiliary gunboat Peoria, landed July 3 the largest and probably the last expedition sent to the aid of the insurgents.

The Florida and Fanita left Key West on Saturday, June 25, under the convoy of the Peoria, commanded by Lieutenant T. W. Ryan. On board the steamers were 35 Cubans under General Nunez, 50 troopers of the Fifth United States cavalry, under Lieutenants Johnson and Ahearn, and 25 rough riders, under Winthrop Chanler, brother of Colonel William Astor Chanler. The cargoes were enormous.

It was intended to land at San Juan June 29, but the scouting party was driven off by Spaniards.

The next afternoon the Peoria shelled a fort near Las Tunas, about four miles away, but met no response. Two boats landed, when the fort and entrenchments opened fire. Captain Nunez was killed and Winthrop Chanler fell with a broken arm. Meanwhile the Peoria shelled the fort until the enemy's fire ceased. Part of the party rushed to the boat under firing from the shore. They paddled along, holding to the boats, with their heads sticking out of the water. Five Cubans were wounded. Doctors Lund and Abbott carried Chanler into the bushes and they sank into a swamp up to their necks. Doctor Lund, formerly a German army surgeon, and a giant in strength, wriggled out, stripped off his clothes and swam out in the darkness to find the ships, until picked up by a boat.

As the strange figure climbed up the ladder of the Peoria the sentry on guard at the gangway challenged him, but Dr. Lund brushed past him and strode in all his nakedness up to Lieutenant Ryan, gave the customary formal salute, and with the most gravity said: "I have to report that the men ashore require assistance."

When Chanler and Abbott were rescued they were still in the water up to their necks, but, except Chanler's elbow, they were none the worse for their experience. Agramonte and some Cubans were also rescued.

The next day the gunboat Helena arrived, and on Friday morning she and the Peoria steamed in toward Las Tunas, which the Spaniards had been vigorously fortifying. Reinforcements also poured in. Vigorous fighting followed.

The Spanish gunners had not fired more than 15 or 20 shots before their guns were flying in the air, their earthworks a mass of blood-stained dust and their gunners running for their lives. Both the Peoria and Helena were struck several times, but no one on either ship was injured. As they withdrew several buildings on shore were in flames. Further shelling occurred by the ships.

Saturday night, July 2, while the Helena stayed and kept her searchlights playing toward shore, the other vessels slipped away, with lights out, and succeeded in landing the men and cargo at Palo Alto about daybreak.

Gomez, with 2,000 men, was known to be in the vicinity and scouts hurried to his lines. On Monday, July 4, the grizzled old warrior appeared in person at Palo Alto. An awning was spread over the end of the abandoned wharf and a conference was held.

The veteran commander-in-chief said he was greatly pleased at the successful result of the expedition, which he thought would exercise an important influence upon the war.

He outlined a plan of campaign, which he later submitted in writing to Lieutenant Ryan for transmission to President McKinley.

It was subsequently learned that during the fight at Las Tunas five buildings in the town were completely destroyed by the fire from the American guns, while 23 were partly destroyed, and eight schooners, which happened to be in range, were burned and sunk.

EUROPE TO RETALIATE.

Proposes to Keep Us Out of the Philippines, as Result of Monroe Doctrine.

PARIS, July 15.—The Matin has received from its London correspondent, who has unusual sources of information, a dispatch, in which he says the European chancelleries are now discussing the question of the eventual intervention of the powers in the Philippine islands. The ambassadors at Berlin, the correspondent adds, have advised their governments respecting Germany's line of policy, which seems quite settled. Germany would prefer the maintenance of the status quo, but

it, as a consequence of the war, Spanish sovereignty disappeared, American sovereignty must not be its successor.

An international agreement, The Matin correspondent further asserts, will be established and the powers interested in the islands would each be called on to protect its own interests. The correspondent adds: "This is the logical outcome of the Monroe doctrine, the principle of which will be employed by Europe in order to protect itself against American interference, and, unless appearances are deceptive, Great Britain, in spite of the talked-of Anglo-Saxon alliance, will do the same as the other powers."

WELLSVILLE.

NO DECISION REACHED

Mayor Dennis Will Confer
With Solicitor Wells.

NEW CASE MAY BE ENTERED

Because the Violation of What Was Believed to be a Board of Health Regulation Is Also Covered by an Almost Forgotten City Ordinance—All the News.

Mayor Dennis has not yet decided the case considered yesterday which involved a charge of the board of health against Buff Barr. He will not give his decision until he has conferred with Solicitor Wells, and that will be impossible today, since Mr. Wells has gone to Lisbon with his wife who is very ill.

It has been discovered that the offense charged against Barr is not only covered by the board of health regulation, but by an ordinance the legality of which cannot be doubted. The board of health simply adopted it in order to simplify matters in case of prosecution.

If the case as it is at present does not result in the conviction of the accused, Barr will be called upon to answer under the ordinance.

Patriotic Social.

The patriotic social at the First Presbyterian church last night was a pronounced success. Warren Potts represented Uncle Sam, Miss Gertrude Everson, Columbia, and Miss Ruby Sheets, Cuba. Standard patriotic airs by chorus, and a sextet composed of Will Morris, Harry Leith, Will McDendald, Will Irwin, James McQueen and Wilson Blackburn furnished the music, while recitations and other numbers of the program all partook of the patriotic character.

The rooms were handsomely decorated with the national colors, and an art gallery displayed views of the war to advantage. After the program refreshments were served.

Are Ready to Play.

The statement in the sporting news of the NEWS REVIEW last night has aroused the Crescents to action, and they are ready to do battle to the last.

The NEWS REVIEW is authorized to challenge the East Liverpool club to a game of ball on the Wellsville grounds, Saturday, July 23.

The team is now at its best and the boys are confident of victory.

Wanted Here.

A Pittsburg paper of this morning says:

"Detectives T. C. Johnson and James A. Steele arrested John Maack, of Wellsville, at the Ft. Wayne depot last night. He is a train boy, 22 years old, and is granted in Wellsville on a serious charge preferred by a Miss Parker. Sheriff Gill will take the prisoner to Lisbon today."

Here For a Visit.

Miss Mamie Connor, who has been visiting Mrs. William Meakin, went to Toronto yesterday for a visit with her uncle, P. Connor.

Miss Connor is a daughter of Robert Connor, and the family formerly resided here. Eight years ago they removed to Owensburg, Ky., where they still reside. Mr. Connor was formerly employed at the Lyth works.

Gone to Denver.

F. M. Hawley and family left yesterday afternoon for Denver, where they will in future reside. A large number of friends were at the station to bid them good bye.

Mr. Hawley and family leave behind them scores of friends, who wish them all the happiness they can have in their new home.

Mrs. Coyle Must Move.

In the case of J. C. Elliott against Mrs. William Coyle to obtain possession of the house occupied by the latter in Fourth street, the defendant failed to appear and Squire Riley rendered judgment by default. A writ of restitution will be served by Constable Davis and the matter closed.

News of Wellsville.

Miss Mary McIntosh, who has been at Mt. Clemens, Mich., returned to her home across the river Wednesday.

The work of the bricklayers is completed and the carpenters have begun their work on the new residence of Mrs. Ella McCown, in Congo.

Jesse Hamilton and Howard Davis have gone to Lisbon. Tomorrow they will play ball with the county seat team when it faces Salem.

GOING TO HONOLULU.

Sergeant Potts Will Make the Trip With the Fourth.

John Potts, who is well known to a great many people in the city because of his connection with a local drug store a few years ago, is now a sergeant in the Fourth cavalry, and will be a part of the force stationed at Honolulu.

Sergeant Potts enlisted in the regular army, and because of his intelligence and personality soon became first sergeant of his troop in the crack Sixth. When his term of service expired he left the service and came to this city. Last January the longing for the old life came on and he could not resist the temptation. He enlisted, however, in the Fourth, Troop L, and rapidly won promotion until he is now a sergeant. His friends here sincerely hope he will soon gain a commission, as he is a thorough military man.

ALMOST DROWNED.

But a Brave Companion Saved His Life.

A number of young men were bathing in the river last evening not far from the island when one was seized with cramps. The water was not deep, but he had lost control of himself and shouted for help. A companion swam to his assistance, and he was taken to shore in a very bad way, and from there to his home.

His name could not be learned, but he is said to be an employe of the Dresden company.

On the River.

After weeks of waiting the rivermen have been rewarded with rain. At the headwaters of the Allegheny and Monongahela the showers were heavy. What rain has fallen will in all probability cause packet business to resume on the Ohio. The rain was not sufficient to cause a coal stage.

The marks at the wharf today registered 21 inches and stationary.

FOUND THE GAS.

Superintendent Morley Blown Through a Door.

Superintendent Morley is very sore today as a result of an accident which happened at the pumping station on the hill.

Mr. Morley found it was necessary to start the pumps, and after carefully examining the gas gauges to see that all was well applied the match to the burner under the first boiler. That worked to suit him and he turned to the next, but unfortunately encountered trouble. There was an explosion, and the next instant the superintendent had been blown through the door.

Fortunately the force of the explosion struck him amidship, and the only damage he sustained was a number of decidedly painful bruises.

ROBBED A CONSTABLE.

Thieves Got Away With His Laundry.

The wife of Constable James Miller is away visiting friends, and yesterday Mr. Miller decided he would do some laundry work. He accordingly washed a shirt, four handkerchiefs and a number of other articles and hung them on the back porch at his residence to dry while he went up street. When he returned his washing had disappeared and with it a brush and several other small articles.

He is now doing some detective work and will use his utmost effort to discover the thieves but has no clue.

Decided In a Hurry.

Yesterday evening two men engaged in a quarrel at the corner of Union street and the railroad just before the arrival of the late train east. One of the men wanted to go to Pittsburg and the other to Wellsville. One blow was struck. Then the train came along, and the men boarded the last car as though nothing had happened.

EAST LIVERPOOL, O., FRIDAY, JULY 15.

“REMEMBER THE MAINE.”

THE Eighth did not have an oppor-
tunity to show its fighting qualities, but
many an anxious mother in East Liver-
pool does not object to that.

If Blanco attempted to commit suicide
when he heard the fleet was destroyed
what did he do when the news came
that Santiago had surrendered?

GENERAL TORAL, like all Spanish com-
manders, believe they have learned to
play the game of bluff, but the present
campaign is showing them that bluffing
Americans and bluffing members of
their own race is different. One re-
quires courage, the other braggadocio.

THE splendid showing made by or-
ganized young Republicans at their
convention in Omaha serves to show
that East Liverpool should have a live,
wide-awake organization of that sort.
The material is here, and it is a reflec-
tion upon the city polling so large a Re-
publican vote that a local club is not a
factor in every state and national cam-
paign.

THE determination of the administra-
tion to occupy Porto Rico before attack-
ing Havana is another display of wisdom
that will be appreciated by the troops.
The climate of the first at this season is
by no means pleasant, but it is so far
preferable to the northwestern coast of
Cuba as to insure a much smaller death
rate. Let Blanco wait. His time will
come before Thanksgiving.

IN view of the surrender of Santiago
the question of peace becomes more in-
teresting. Whether Spain will acknowl-
edge herself beaten now that an import-
ant point has been taken remains to be
seen, and whether this government
would receive any suggestion of peace,
except on terms which Spain could not
accept, is another matter of importance.
However, the next few days will doubt-
less bring some answer.

AS USUAL the NEWS REVIEW gave the
public the first news. Yesterday after-
noon when the information reached this
office of the success which had crowned
Columbia's efforts, it was bulletined,
and in a short time the victory was be-
ing discussed throughout the city. Later
information was given the people by
means of the bulletin board, and by 3
o'clock all who were abreast of the
times knew Santiago had surrendered.

DON'T FORGET THEM.

There was some fighting on the hills
around Santiago, and some men came
out of the conflict wearing all the honor
that a generous and thankful nation
can bestow, but if must not be forgotten
that there are heroes among General
Shafter's forces whose names will not
appear in official reports or go down in
history. They are the boys who stood
knee deep in water and suffered priva-
tions such as the ordinary man cannot
imagine, the brave fellows who held the
line which even Shafter acknowledged
was thin, and without a word of com-
plaint stood at their posts ready and will-
ing to do their duty in spite of the rain,
no food, and the momentary expectation
of attack. The country honors all its
servants for what they have done, but
let not the boys who stood in the
trenches be forgotten. They deserve
all the praise they can possibly be given.

TO BORROW THE MONEY

Finance Committee Will Call on the Banks.

COST OF THE LAST FLOOD

All Needed Repairs Have Been Listed, and the Work Will Go Right Along Without Interruption—A Business Session of Financiers.

Finance committee of council met yesterday afternoon and made definite arrangement in regard to raising money to pay for the damages caused by the recent rains.

There were present at the meeting President Marshall and Messrs. Peach, Cain and Stewart. The last report of Treasurer Herbert showed a balance in the street fund of \$1,208.61, but the pay Tuesday evening caused it to be overdrawn \$786.

Mr. Peach remarked that the city should not pay any money out of the funds for damages caused by the floods, and if they did money should be borrowed and placed in the funds used to pay expenses.

An estimate was made of the money already used to pay for repairing damages and it was placed at \$1,628.39, while Clerk Hanley remarked that it was a very small estimate in view of the extraordinary expense.

The committee then started to make an estimate of the amount yet needed to complete the work of repairing the damages.

The first matter to be discussed was the culvert between East Market street and Green lane. It was placed at \$400, as the property owners had agreed to pay one half the expense.

Mr. Peach thought the city should not build any culverts along Tanyard run until they started at one end and put it clear through. He suggested that council accept the proposition of the Pennsylvania company and hold a bond election to secure the money to pay the expense. Mr. Cain replied that it should be held at a regular election, as council had had enough experience with bond issues at special elections.

It was decided to place a four foot box in Church alley which would cost \$50, while the filling at this point would cost in the neighborhood of \$150, making a total of \$200.

The committee then began talking about Huston road, and President Marshall wanted to know what had become of the condemnation proceedings and Mr. Peach replied that it was in the hands of the lawyers and might as well be buried. He suggested that the city pave what they could find of the street.

Mr. Marshall asked why work on the sewer had not been started, and Engineer George replied that he was waiting on council.

Mr. Marshall replied that the work should be started, and said: "I would suggest that when you get your stakes set you notify us and let us see it, as we have no desire to get into another box like the one we now have in East End. Your arrangement of the sewer there does not seem to suit at all."

Engineer George replied that it was impossible to please everybody, but Mr. Marshall said he thought council might be able to settle affairs harmoniously.

Clerk Hanley was then notified to instruct the solicitor to file the bond of the city for any damages that might occur to Mr. Morton, and the work in Huston road will be commenced at once.

The repairing of a bridge in East End was placed at \$65, while the damage along Pennsylvania avenue will cost \$175.

Mr. George stated that it cost \$3 per perch for stone work, and Mr. Marshall replied that the city didn't want such work as it was now getting, and thought the price was too high. Mr. George suggested that they use 24 inch sewer pipe at one place to culvert the run, but was informed by Mr. Stewart that council had enough experience with sewer pipe culverts.

The cost of repairing Virginia avenue will be \$50, while it will take \$800 to fix the Mulberry street culvert.

These were all the repairs necessary, and the total reached \$1,890, making a grandtotal of \$3,518.99 with the money already expended. The clerk and mayor will probably be instructed to borrow the money from the banks, but not at the present time.

The engineer was instructed to increase the size of the sewer in Huston road, and new bids will be received.

Sidewalks Completed.

The sidewalks in Eighth and Jethro streets have been completed, and the work of paving the gutters is progressing rapidly.

NO TRACE

Can Be Found of Missing Attorney Mackall.

The sudden disappearance of Attorney Mackall from the home of his brother-in-law, in East Palestine, continues to alarm his friends in this city, since he has not been found. Additional particulars from Palestine only serve to add to their anxiety.

It seems that soon after Mr. Mackall's absence had been discovered it was found that a horse had been taken from a stable not far away. A bridle was also gone. Yesterday the horse was found in the road about 2½ miles south of Palestine. It did not then wear the bridle. That at once alarmed his friends, and it was feared that he had used the bridle to hang himself.

It is stated that when Mackall left East Palestine he wore nothing but his underclothing and coat and vest.

At a late hour this afternoon nothing had been learned of the whereabouts of the missing man.

News reached here this afternoon that a telephone message had been received in East Palestine stating that Mr. Mackall was here. This is not believed as none of the attorney's friends in the city have heard anything of his whereabouts.

From another source it is learned that the bondsmen of Mr. Mackall have not heard of his whereabouts, but have secured a slight clue, and think he is still in the vicinity of East Palestine.

REMEMBER OUR BOYS

When Thinking of the Great Santiago Victory.

EDITOR NEWS REVIEW:—Now that official news has been received of the great and final victory at Santiago, let us not forget to award a full share of the praise to our brave boys of Company E, the Eighth regiment, and all of General Garretson's noble brigade, who were carried to the front by the St. Paul as fast as steam could force the great vessel, and who, without a moment's hesitation, with all their heavy load of accoutrements, risked their lives in the small boats through the heavy surf, and after landing made one of the quickest forced marches on record, through the muddy roads and swamps, throwing themselves into the trenches, half filled with water and mud, and thus being in at the death, to help force the enemy to surrender. God bless the brave boys of Company E, and the entire American army, and bring speedy and honorable peace and the safe return of our gallant soldiers. W. H. SURLER.

First Elephant in America.

It is not generally known that a former citizen of Owensboro brought across the ocean the first elephant that was ever in America. The name of the gentleman was Moses Smith, who at one time owned a vast body of land from the mouth of Panther creek up the river, embracing nearly all the present farms in the neighborhood of Sorgho. Mr. Smith was at Paris with his brother and had "more money than he knew what to do with." He told his brother that he intended taking something to America that the people had never seen. "You had better buy an elephant," said the jocular brother, and that was what Moses did.

He picked out the biggest animal he could find and paid an enormous price for it. He brought it to New York, where it was a nine days' wonder, but the owner soon found that he had something worse than the proverbial white elephant on his hands. He tried to sell it, but could find no buyer and at last undertook to give it away, in which he was equally unsuccessful. Finally he found a man who agreed to pay him \$100 for it, and this individual put it on exhibition. He was so successful that he went into the show business and made a fortune out of Mr. Smith's folly. Colonel Frank McKernan of Adairville is a grandson of Mr. Smith, who lived to a great age at his home in this county.—Owensboro (Ky.) Inquirer.

SUED THE ICE COMPANY

Because the Course of Old Tanyard Run

HAS BEEN MATERIALLY CHANGED

It Is Claimed That Much Damage Has Been the Result—Other Portions of the Petition Bring Out Grievances For Which \$2,500 Is Asked.

Catherine E. Caraharr has filed a petition against the East Liverpool Ice and Coal company, asking damages aggregating \$2,500.

She says she owns land abutting on Accommodation lane and the company owns land on the opposite side of the same street. Tanyard run runs through her land and the company's, and in its natural course has never done any damage to her, but the defendant company has diverted the stream in such a way that on June 18 it broke over and wholly ruined a large part of her land, ruined part of the foundation, walls, plastering and paper of her houses, and caused them to be untenable by washing large quantities of filth and dirt into her houses and cellars. For this she asks damages in the sum of \$1,500.

She also asks to have the company permanently enjoined from continuing to divert the stream. She claims the company has three waste pipes and one exhaust pipe laid in her land, which washes away the land, renders it and the buildings damp and untenable. She asks to have the company enjoined from keeping the pipes there and for \$500 damages.

The petition also says the company has built a large platform and a building which obstruct the alley and render access to her houses impossible. She asks to have the platform and building moved and for \$500 damages.

The case was filed in common pleas court yesterday afternoon.

MANY MORTGAGES CANCELED

The Report For the Year Proves That Many People Have Been Prosperous and Movement in Real Estate Is by no Means Slow—Lisbon News.

LISBON, July 15.—[Special]—E. M. Crosser, county recorder, has forwarded his annual report to the secretary of state. It shows the amount of business transacted during the year ending June 30.

Deeds for farm lands recorded during that time number 158, conveying 7,840 acres of land at an average price of \$30 per acre, and aggregating \$238,900. Nineteen acres in towns were conveyed in 45 deeds at an average of \$800 and aggregating \$15,020. Deeds recording the sale of city, town and village property number 675, amounting to \$672,545. Six complicated or mixed conveyances were recorded involving \$153,725, and 75 deeds with \$1 as the consideration were received. In all 959 deeds were recorded and the total consideration amounts to \$1,070,265.

Twenty-eight leases were received, and 275 mortgages, \$217,575 on agricultural property, and six securing \$20,165 on town acres were received. On city, town and village lots the report shows 782 mortgages, securing \$788,492. The total mortgages is 1,063, and the amount \$1,036,232. One hundred and sixty agricultural mortgages released \$145,960, and eight released \$12,758 on town acres. City, town and village lots shows a good record with 637 and the amount \$521,365. The total number cancelled was 805, releasing \$680,083.

About the Courthouse.

LISBON, July 15.—[Special]—David A. Palmer has sold three-fourths of an acre of land in Liverpool for \$525.

UNION LABELS.

It should be a deep-rooted principle of all union workmen and union sympathizers, and particularly those members of the different organizations of East Liverpool, to buy nothing but Union Label goods, in preference to all others. And why not? If we ask fair wages for our labor, why should we buy goods made at unfair wages by others?

The Union Label in every industry is a guarantee of fair wages, decent working hours, and union labor employed.

UNION MADE BOOTS AND SHOES.

The Boot and Shoe Workers' union is the national head of the trade, and is a new combination of all the branches of boot and shoe workers. The above trade-mark when found on the sole or lining of a boot or shoe, is a guarantee that the same is made by union labor. Look for the above design stamped on the sole of every pair of boots or shoes you buy.

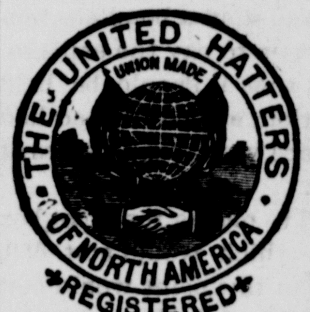

CUSTOM TAILORS' LABEL.

The Journeymen Tailor's Label is to be found in the inside breast pocket of the coat, on the under side of the buckle strap of the vest, and on the waistband lining of the pants. It is printed in black ink on white linen.

UNION MADE HATS.

This Label is about an inch and a half square, and is printed on buff-colored paper. It is placed on every union made hat before it leaves the workman's hands. If a dealer takes a label from one hat and places it in another, or has any detached labels in his store, do not buy from him, as his labels may be counterfeit, and his hats may be the product of scab or non-union labor.

UNION MADE CLOTHES.

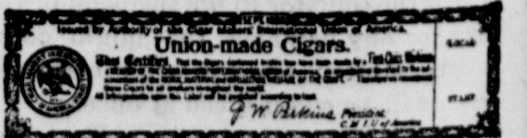

You will find the linen label attached by machine stitching to the inside breast pocket of the coat, on the inside of the buckle strap of the vest, and on the waistband lining of the pants.

BICYCLE LABEL.

"Do unto others as ye would that others should do unto you." You will endorse the "Golden Rule" by buying and riding bicycles bearing this Label. The colors are as follows: The Union shield is in red, white and blue, on a background of pea green, bordered by gold.

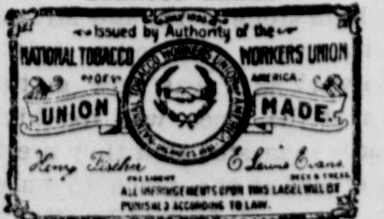

The Label will be placed on the upper front side of the tube that receives the seat post.

BLUE LABEL CIGARS.

This label is printed in black ink on light blue paper, and is pasted on the cigar-box. Don't mix it up with the U. S. revenue label on the box, as the latter is nearly of a similar color.

TOBACCO LABEL.

The above Label, printed on blue paper, will be found on all plug tobacco and on the wrappers of chewing tobacco manufactured in union tobacco factories.

UNION BREAD AND CRACKERS.

This is a full size facsimile of the Label of the Bakers' and Confectioners' union. It is printed on fine white paper and is pasted on each loaf of union-made bread. It is an evidence that the bread is made under fair and wholesome conditions, and in clean and healthy bakeries. Following is the confectioners' and cracker Label:

GREEN WAS RELEASED

FOUND DRUNK AT A POTTERY

Sunnyside Boys Called Before Mayor Bough For a Long List of Unlawful Actions—Police Looking For a West Market Street Party.

Mayor Bough had a small amount of news to give out today, but there was one case in which no fine was received. Yesterday afternoon Officer Terrence arrested Marshall Green near the Standard pottery and took him to jail in the patrol. Instead of placing him in jail, as is customary with all men who are arrested on a similar charge, he was taken before the mayor immediately. He was very drunk and the mayor decided that instead of putting him in jail he would allow his friends to take him home. This was done and no fine was imposed.

For several weeks people living in Sunnyside have been complaining to the mayor about a crowd of boys who enjoy themselves in the evening by throwing stones at houses and otherwise injuring property. Officer McMillan was sent out yesterday afternoon to round up the crowd, and as a result of his labor boys giving the following names were arrested: Cartwright, Shenton, Mackey, Williams, Cathbert, Darrah, Hester and Mitchell. The boys have been misbehaving, and the next time they are brought before the mayor they may be sent to the reform school.

Another crowd, similar to the one arrested last night, will soon be brought before the mayor. This crowd infest West Market street near Sheridan avenue, and annoy pedestrians by placing bricks on the pavement for the purpose of causing people to fall. Every one of this crowd will be fined if captured.

THE REPUBLICAN LEAGUE.

Decided to Hold Biennial Conventions. A Platform Adopted—Woodmansee Made a Speech.

OMAHA, July 15.—Vigorous application to business enabled the Republican League of the United States to finish almost all its routine business at its second day's session yesterday. Had it not been for the fight for the position of president the work would now be all over. The oratorical feature of the day was a short but patriotic address by ex-President Woodmansee of Cincinnati, who spoke of the war as not one of parties, but of the people, yet he gives to President McKinley great credit for the wisdom he has displayed in the conduct of the affairs with Spain.

The report of the committee on resolutions was adopted as it was read. It pledges anew support to the Republican platform adopted at St. Louis in 1896, congratulates the country on the return of prosperity, declares for the single gold standard, commends President McKinley's conduct of negotiations with Spain and his prosecution of the war, and says the future disposition of conquered territory can be safely left to a Republican president and Republican congress; greetings were sent to soldiers and sailors.

A resolution providing for the change of plan of meeting from annual to biennial sessions was adopted after considerable discussion, the final vote being unanimous. The next convention is to be in 1900.

A resolution providing for the admission of women as members and delegates was also adopted without debate.

BAPTIST YOUNG PEOPLE.

Their Union Holding a National Convention at Buffalo—Chapman's Reference to the War.

BUFFALO, July 15.—The eighth international convention of the Baptist Young People's union opened most auspiciously yesterday at the Seventy-fourth regiment armory. The Stars and Stripes predominated in the decorations, but the Union Jack was almost equally prominent. President John N. Chapman of Chicago, opened the convention.

In the course of his remarks he said: "Today we meet under two flags but with one spirit. The Union Jack is drooping today because God has lately called home one of England's many heroes, William Ewart Gladstone."

"There is sorrow beneath our flag because we have been called upon to chastise another nation in the cause of liberty and right. But we are to fight against a worse foe than Spain and in a better cause than Cuba—the cause of Christ in this world."

Yesterday afternoon the reports of the board of managers and treasurer were read.

AID SOLDIERS' FAMILIES.

Governor Hastings Favors Organization of Relief Associations Throughout Pennsylvania.

HARRISBURG, July 15.—Relief associations are being formed in many localities in Pennsylvania and should be organized, Governor Hastings says, at every place in the commonwealth that has furnished a military company or a lesser number of soldiers. The governor advocates the calling of public meetings to form organizations with a president, secretary and visiting committee of three.

A guarantee fund should be subscribed sufficient to raise a monthly contribution amounting to what will be necessary to meet all proper demands. He suggests that these visiting committees obtain the name of every family that sent a soldier to the front and quietly ascertain the exact condition of the family and then supply its wants.

Hastings Greeted the Troops.

HARRISBURG, July 15.—Company K of the Fifth Pennsylvania volunteers passed through Harrisburg last evening from Wellsboro enroute to Chickamauga to join the regiment. Governor Hastings and Adjutant General Stewart were at the depot to greet the troops. A company will be mustered today at Gettysburg and another probably tomorrow at Jeannette. Two companies will be mustered in Philadelphia next week to be attached to the Third regiment at Tampa.

MILLERSBURG, O., July 15.—The Democratic congressional convention of the Seventeenth congressional district nominated J. A. McDowell yesterday by acclamation for a second term.

SENATOR KENNEY'S TRIAL.

Boggs Gave More Damaging Testimony Against Him.

WILMINGTON, Del., July 15.—Senator Richard R. Kenney of Delaware yesterday faced the jury in his trial for aiding and abetting William N. Boggs, the defaulting teller of the First National bank of Dover, in the misapplication of the funds of that institution.

Boggs' direct examination being resumed, he said that when, in 1895, he first told Senator Kenney he was in default, Mr. Kenney said in part: "You have concealed it before, I don't see why you cannot do it again."

Three bonds aggregating \$7,300, made

out to Senator Kenney, were identified by witness as belonging to him (Boggs). They had been made out to the defendant just before witness disappeared and were to support Boggs' family during his absence. The bonds had been given to Boggs in exchange for checks he had been carrying along. Under cross-examination witness said his downfall was due to faro, poker and stock gambling.

The commonwealth here rested its case.

Senator Gray for the defense said that he would have Senator Kenney and other witnesses testify in order to show conclusively that the defendant is innocent.

ABOUT \$1,200,000,000.

At Least Six Times Amount of War Loan Subscribed.

WASHINGTON, July 15.—The subscriptions to the new 3 per cent war loan of \$200,000,000, which closed at 3 o'clock yesterday afternoon, including the offers made by syndicates, will amount to \$1,200,000,000, or six times the amount of the issue. The subscriptions represented by checks or other form of payment, it is estimated, will aggregate about \$750,000,000, or three and three-fourth times the amount of issue.

Early this week Assistant Secretary Vanderlip, who has had immediate supervision of the work in connection with the loan, became convinced that the subscriptions of individuals would be far more than sufficient to wholly absorb the loan, and gave instructions that checks representing all subscriptions of corporations be prepared and returned to the senders.

SAN FRANCISCO, July 15.—The transport steamers City of Puebla and the Peru have received their complement of troops, and, unless contrary orders are received from Washington, the two steamers will arrive at Honolulu in time to participate in the ceremony of annexation.

It is understood that the Puebla and Peru will remain at Honolulu after coaling to await the arrival of the second section of fifth fleet, which will sail from here in about ten days.

Carranza's Whereabouts Unknown.

MONTREAL, July 15.—Wednesday there were rumors that Lieutenant Carranza did not sail with Senor DuBose. Yesterday it was stated positively that Carranza was impersonated by some unknown person and did not board the ship. Where Carranza is now is a mystery.

Reformed Church Mission Board.

YOUNGSTOWN, O., July 15.—The board of home missions of the Reformed church of the United States closed its sessions here yesterday. It was recommended that Connellsville, Pa., be enrolled as a mission from Oct. 1, 1898, that Elmer E. Emshoff be commissioned to Sharpville, Pa. It was decided to hold the next meeting at the Monongahela House, Pittsburg, the second Tuesday in October.

Cruel Spaniards.

Spanish officers as well as men generally incline to cruelty and treachery. Here is a story in point, told by an excellent authority:

"In Alcala, the Guardia Civil—that is, one of the crack troops—was after a robber band. One of the robbers was caught. Being promised a full pardon, he gave away his comrades. This man had no sooner signed the paper that served as his death warrant for his late friends when the officer in charge said, 'We will begin with him.' The robber was immediately shot in the back of his head."

Gunboat Bennington Left.

SAN FRANCISCO, July 15.—The gunboat Bennington left her anchorage yesterday afternoon and proceeded down the bay amid the tooting of many whistles and the dipping of flags from the merchant vessels. It is generally supposed that she is going to Honolulu, but nothing as to her destination can be stated at this time.

Agreed to Fight.

NEW YORK, July 15.—George F. Considine, representing James J. Corbett, and W. B. Gray, representing Kid McCoy, met yesterday afternoon and came to an agreement for the men to meet at Buffalo on Sept. 10 before the Hawthorne Athletic club in a 20-round bout.

Cotton Manufacturers Fail.

PROVIDENCE, July 15.—John H. Mason & Sons, one of the oldest cotton manufacturing firms in this city, are financially embarrassed. The liabilities of the firm are placed above \$500,000 mostly in notes held by banks in this city.

THE NEWS REVIEW PRESS.

TO THE ADVERTISERS.

The Evening News Review has the largest bonafide PAID daily circulation of any paper published in East Liverpool, and the largest circulation in Wellsville of any daily paper published in East Liverpool. Keen witted and wide awake business men and advertisers will make note of these facts.

HARRY PALMER,
Owner and Manager.

TO BUSINESS MEN.

The combination prices of the NEWS REVIEW, advertisement in paper and bills from said advertisement, are cheaper than any other daily paper in the city, while the workmanship, material and inks made use of are incomparably superior to those of would-be competitors. Test the matter. We will prove the truth of our assertion.

LOCAL BREVITIES.

The library directors will hold a special meeting this evening.

The Carpenters' union met last evening and transacted routine business.

The Shamrocks and East End ball teams will play ball tomorrow at the park.

Officer Nowling, of Beaver Falls, is in the city the guest of his brother, A. K. Nowling.

The Odd Fellows are today holding their annual picnic. A large number of guests are present.

Homer Laughlin, of Los Angeles, arrived in the city this morning after a short stay in the east.

Jonas Cruthers, clerk at the Lakel house, left for an extended trip through the East this morning.

Miss Mary Mertz left this morning for her home in Weston, called there by the illness of her mother.

The street force today cleaned the alleys leading to the Horn switch. The improvement was much needed.

J. C. McClain spent the day in Salineville attending to some business in connection with the Furnace Fireclay company.

Business is increasing at the freight depot, and yesterday about 15 cars were loaded and sent out from the outbound platform.

Dr. George P. Ikert, executor, this morning, in the court of Squire Rose, was given judgment against Theodore Burke for \$37.

Lyman Rinehart has purchased Jennie K., a fast black horse from a Jefferson county stock farm. He will put it on the track as it is a very speedy animal.

The upper mill at Irondale has been started, and next week a full force will be employed at the lower mill. The town of tin was never so prosperous as at present.

W. S. Newhall, James Hage and F. R. Martin, of the Cleveland and Pittsburgh railroad who were in the city yesterday, returned to Cleveland in the afternoon.

A new sign has been painted on the glass above the door of the mayor's office. The sign is for the purpose of letting the people know where law is dealt out.

Thos. H. Arbuckle has the thanks of the NEWS REVIEW for Bennington, Vt., and Troy, N. Y., papers. Mr. and Mrs. Arbuckle are greatly enjoying their stay in the east.

The Alum Cliff Gas company are putting down an artesian well on the Robinson farm near Williamsport. As soon as the work is finished they will put down several holes in their field.

The board of education will hold its regular meeting in the directors' room of the Central building next Monday evening. There is very little business to transact, and the most important matter is the paying of a few bills.

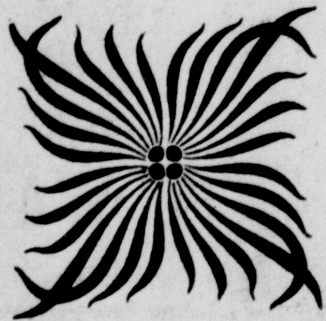

Mrs. Will George, of East Palestine, was in the city yesterday accompanied by her sister, Mrs. Quay. The latter lady moved from this place to Maryland three years ago, but now resides in Palestine.

Miss Driscilla Ferguson, of Wilberforce university, will arrive here tomorrow for a visit with her cousin, Rev. B. M. Carson. The lady will occupy the pulpit at the African M. E. church next Sunday evening.

Rev. Dr. J. C. Taggart will leave today for Beaver, where he will conduct services this evening and tomorrow. He will spend Sunday with relatives in Palestine. The pulpit at the First U. P. church will be filled by Reverend Manor.

Last evening a well-known man in the city was returning from a trip to the country and went to sleep in the buggy. The animal made its way home and the man did not awaken until after the hostlers at the livery stable had started to unhitch the horse.

Surprise

Clothing Store.

WE had decided on account of being unable to secure a storeroom in East Liverpool sufficient in size and properly located, to remove from the city. Since that the owner of the property in which we are now located has decided to enlarge present quarters to more than double the size, in fact to three or four times as large. Under these circumstances we will remain in Liverpool.

Our stock purchased for the place to which we were to remove is now on our hands, and must be sold. Our misfortune in having to change our plans will be the public gain, for we have not the room to store our goods, and they must be sold.

Will, therefore, inaugurate a **DULL SEASON SALE**, and will sell at prices lower than actual cost of the goods.
